The Project is one of multiple high-rise condominium projects anticipated to be developed by the Master Declarant, or its affiliates, as part of a master planned community called "Ward Village." The Project will be part of this urban, mixed-use master development located in central Kaka'ako, City and County of Honolulu, State of Hawaii. The Master Declarant intends to substantially transform the current landscape surrounding the Project over the next decade or so to create the master planned community. There is no representation made, however, as to the timing of any built-out improvements.

Being a part of "Ward Village," the Project is subject to the Master Declaration, the Master Bylaws, and the Master Rules, as the same may be amended and/or supplemented from time to time, and all rules and regulations promulgated thereunder, including, without limitation, any assessments, voting rights, design restrictions and the design review process set forth therein, if applicable. By acquiring an interest in the Project, each Owner agrees to carefully review, observe and comply with all covenants, conditions, restrictions and other requirements to which the Project is subject under the Master Declaration and Master Bylaws, including memberships in the Master Association and the payment of such sums as may be assessed pursuant to such Master Declaration or Master Bylaws ("**Master Assessments**") for the Project's share of common expenses for Ward Village. Further, Developer shall have the reserved right, without the consent of any Owners or such Owners' mortgagees, to amend this Declaration and to enter into any agreements and to grant easements and to do all things necessary and convenient to effect and implement the purposes of the Master Declaration, Master Bylaws and Master Rules, and to execute, file and deliver any and all documents necessary to effect the same, including, but not limited to, any amendments to this Declaration and to the Condominium Map.

Master Declarant shall be liable for any Master Assessments on Units it owns; however, during the Declarant Control Period under the Master Declaration, the Master Declarant may pay assessments on Units it or any of its affiliates owns by paying any shortfall under the Master Association's expense budgets, resulting from events other than failure of others to pay Master Assessments; provided, the Master Declarant may, but shall not be obligated to, pay amounts budgeted to its, or its affiliates', Units for reserves or fund any shortfall in budgeted contributions to reserves. After termination of the Declarant Control Period under the Master Declaration, the Master Declarant shall pay assessments on any Units it owns in the same manner as any other owner who is liable for such assessments.

G. In addition to any design restrictions and/or regulations or standards in the Condominium Documents, Owners will be subject to the additional design restrictions, design guidelines and/or regulations or standards promulgated by the Master Declarant or the Master Association pertaining to Ward Village. The Master Declaration and Master Bylaws set forth sanctions for noncompliance with the provisions in the master documents.

Some of these areas may require easements through portions of the Project, which may grant the Master Association and/or the public access through the Project or use of certain areas within the Project (i.e., access ways, bicycle pathways, park or recreational areas, security system or services, parking facilities). Such areas may also be dedicated for use by the public or for public rights of way pursuant to the Master Declaration. The Board, in its sole discretion, may determine whether the portions of a Residential Unit visible from the exterior of the Residential Unit are orderly. The Board may have any objectionable items removed from the portions of a Residential Unit that are visible from the exterior of the Unit so as to restore its orderly appearance, without liability therefor, and charge the Residential Unit Owner for any costs incurred in connection with such removal.

4. **PROHIBITION AGAINST TIME SHARE PROGRAMS.** Residential Units or their appurtenant Limited Common Elements, or any portion of either, shall not be the subject of or sold, transferred, conveyed, leased, occupied, rented, or used at any time under a time share plan (as defined in Hawaii Revised Statutes, Chapter 514E, as amended) or similar arrangement or program whether covered by Chapter 514E or not, including, but not limited to, any so-called "fractional ownership," "vacation license," "travel club membership," "club membership," "membership club," "destination club," "time-interval ownership," "interval exchange" (whether the exchange is based on direct exchange or occupancy rights, cash payments, reward programs or other point or accrual systems) or "interval ownership" as offered and established through a third-party vacation membership service provider who is in the business of providing and managing such program; and further shall not be used as part of any occupancy plan or for similar purposes, which shall include: (a) any joint ownership, whether or not ownership is deeded, of a Residential Unit where unrelated (i.e., non-family) owners share and enjoy use or occupation of the Residential Unit according to a periodic (fixed or floating) schedule based on time intervals, points or other rotational system; or (b) any club, the membership of which allows access and use of one or more properties by its members based on availability and reservation priorities, commonly known as destination clubs (equity or non-equity) or vacation clubs. Furthermore, the Residential Units and their appurtenant Limited Common Elements, or any portion of either, shall not be used for transient or hotel purposes, which are defined as (a) rental for any period less than thirty (30) calendar days, or (b) any rental in which the Occupant(s) of the Residential Unit is (are) provided customary hotel or rental services, or (c) any rental which is transacted using a short-term rental similar to Airbnb, VRBO®, and HomeAway™. The foregoing restrictions are collectively referred to as "**Occupancy Restrictions**." The Occupancy Restrictions may be enforced by Developer, the Association, the Resident Manager or Site Manager, the Master Association or the Managing Agent.

The restrictions set forth above shall be read broadly, and, among other things, shall encompass any type of plan, the nature of which causes Residential Units to be utilized by persons who have either joined a plan or program as a member or whose use is derivative of someone who has joined a plan or program as a member. Determination by the Developer, Association, the Resident Manager or Site Manager, or the Managing Agent that a violation of this provision exists shall be binding on the violating Owner, and the Board may promulgate and effectuate additional rules, regulations, procedures, and processes for enforcement of this provision, including, but not limited to, any surcharge or other charge or assessment that the Board shall solely determine. This Section shall not be terminated or amended without the prior written approval of Developer, to the extent permitted by applicable law.

5. **USE OF RECREATIONAL AMENITIES.** Except as otherwise provided herein, the Recreational Amenities shall only be used by the Residential Unit Owners and, while in residence, their Occupants and non-residing guests while accompanied by the Occupant. The Recreational Amenities are available to promote recreation and leisure activities and any other purposes permissible by the Condominium Documents; provided that, and subject to any Developer's Reserved Rights, at no time shall there be any commercial use of the Recreational Amenities, including the Amenity Deck, to service any Person other than an Owner (or Owner's invitees), nor shall the Recreational Amenities, or any area therein, contain any third-party independent commercial operation, provided that a third party independent commercial operation whose business is to provide services exclusively to Owners and their invitees may be permitted on the Amenity Deck in the discretion of the Board. Developer shall have the option, at its sole discretion, to add to, reconfigure, resize, relocate, and/or remove any or all of the Recreational Amenities, which may in turn increase or decrease the Common Expenses and, consequently, affect maintenance fees. This Section shall not be considered a representation and/or warranty by Developer that any or all of the Recreational Amenities will be built or will be located on Level 8 or on Level 3 as initially depicted, and/or offered to Owners, or that any of the Recreational Amenities shown on the Condominium Map will be built at all.

D. COMMERCIAL UNITS, UNIT LIMITED COMMON ELEMENTS AND COMMERCIAL LIMITED COMMON ELEMENTS.

1. **COMMERCIAL USE.** The Commercial Units shall be used and operated only for commercial purposes or uses, as set forth in the Mauka Area Rules and as otherwise permitted by law, including, without limitation, all business and professional license and permit requirements and the Condominium Documents. In addition, all uses within the Commercial Units shall be consistent with the Project Quality Standard. The Commercial Units may be leased at the discretion of the Commercial Unit Owner, subject to the provisions of the lease. The Owner(s) of the Commercial Units, in its sole discretion, may contract with various providers of goods and services, such as food and beverage operators, retail stores, and other vendors, to provide goods and services at the Project. The Owner(s) of the Commercial Units may retain any and all compensation paid to said Owner(s) in return for permitting a vendor to use space within the Commercial Units or their appurtenant Limited Common Elements. The commercial uses of the Commercial Units are subject to change at the sole discretion of the Commercial Unit Owner(s), and subject further to the terms of the lease for such Unit. No Residential Owner shall be guaranteed access through the Commercial Units.

2. **LIMITATIONS OF COMMERCIAL USE.** The following uses are not permitted uses within or of the Commercial Units or their appurtenant Limited Common Elements:

- a. facilities for the sales or service of mobile homes or trailers;
- b. junkyards, scrap metal yards, automobile used parts sales facilities, motor vehicle dismantling operations, sanitary landfills, except that auto specialty stores or boutiques (with any one store or boutique not to exceed 10,000 square feet) that display only a limited number of automobiles on-site at any particular time may be permitted upon approval by Developer, or Declarant during the Development and Sale Period, defined in the Master Declaration, and, thereafter, by the Board;
- c. dumping, storage, disposal, incineration, treatment, processing, or reduction of garbage, or refuse of any nature, other than handling or reducing waste produced on the premises from authorized uses in a clean and sanitary manner;
- d. salvage business; provided periodic Association sponsored or sanctioned events or activities on the Area of Common Responsibility, defined in the Master Declaration, (such as, without limitation, craft fairs, arts festivals, or farmers markets) shall be permitted;
- e. truck terminals and truck stop-type facilities, including truck parking lots (except as may be incidental to a use that is not prohibited);
- f. tanning parlors, massage parlors, or any establishment which offers entertainment or service by nude or partially dressed male or female persons, except that this provision shall not preclude tanning and massage services offered by fully clothed, trained personnel as part of a legitimate fitness or health facility, or a day spa operation that also offers beauty, body care, skin care, or similar services;
- g. "adult entertainment uses," which shall include, for the purposes of this section, any theater or other establishment which shows, previews, or prominently displays, advertises, or conspicuously promotes for sale or rental: (i) movies, films, videos, magazines, books, or other medium (whether now or hereafter developed) that are rated "X" by the movie production industry (or any successor rating established by the movie production industry) or are otherwise of a pornographic or obscene nature (but not including the sale or rental of movies, films, or videos for private viewing); or (ii) sexually explicit games, toys, devices, or similar merchandise;
- h. mini-warehouses, and warehouse/distribution centers;
- i. any facility for the dyeing and finishing of textiles, the production of fabricated metal products, or the storage and refining of petroleum;

j. dry cleaning plants; provided that facilities for drop-off or pick-up of items dry cleaned outside of Ward Village are permitted;

k. engine and motor repair facilities (except in connection with any permitted automobile service station);

l. heavy machinery sales and storage facilities; and

m. any use that would cause or threaten the cancellation of any insurance maintained by the Association, or which would measurably increase insurance rates for any insurance maintained by the Association or Owners above the rates that would apply in the absence of such use.

Any amendment to this Declaration that would directly limit or interfere in any way with or change the use of the Commercial Units or their appurtenant Limited Common Elements, or limit access to or from the Commercial Units or their appurtenant Limited Common Elements, shall require and will not be effective without, the prior written approval of the consent of a Majority of the Commercial Unit Class.

E. USE OF COMMON ELEMENTS. Subject to the reserved rights of Developer contained herein, and the express limitations on use set forth herein, each Owner may use the Common Elements in accordance with the purpose for which they were intended without hindering or encroaching upon the lawful rights of the other Owners, subject always to the following limitations:

1. **ASSOCIATION'S USE.** Except for any rights expressly reserved to Developer, Residential Unit Owner, or Commercial Unit Owner under this Declaration, nothing in this Section or otherwise contained in this Declaration is intended to limit or restrict the Association's right to use the Common Elements, or any Unit or any Limited Common Element appurtenant thereto owned or leased by the Association for the benefit of the members of the Association to the full extent permitted by the applicable zoning ordinance and by law. Before the Development Period ends, no change in use may be made without the written consent of Developer.

2. **NO RIGHT TO OBSTRUCT THE COMMON ELEMENTS.** Subject to Developer's Reserved Rights contained herein and subject further to Developer's ability to obstruct such areas during the Development Period in the exercise of Developer's Reserved Rights, no Owner or Occupant may place, store, or maintain on walkways, roadways, grounds, or other Common Elements any furniture, packages, or objects of any kind or otherwise obstruct transit through the Common Elements. This does not prohibit: (a) an Owner from placing goods and other materials on the Common Elements when loading or unloading them, or transporting them to the Unit or to a storage room that is a Limited Common Element in accordance with the House Rules; provided that any such loading, unloading, and transportation must be completed promptly in designated areas and in accordance with the House Rules; or (b) the Commercial Unit Owners' use of the Limited Common Elements appurtenant to the Commercial Units for commercial activity.

F. USE OF LIMITED COMMON ELEMENTS. Subject to Developer's Reserved Rights contained herein, Owners shall have the right to use the Limited Common Elements appurtenant to their Units for any purpose permitted by zoning and other applicable laws and the Condominium Documents. Notwithstanding anything provided to the contrary, or from which a contrary intent may be inferred, neither the Board nor the Association shall have any right to change the use of or lease or otherwise use any Limited Common Element without the prior written approval of the Owners of the Unit(s) to which such Limited Common Element is appurtenant. Subject to any consents required herein, the Residential Unit Owners of at least sixty-seven percent (67%) of the Residential Unit Class Common Interest shall have the right to change the use of the Residential Limited Common Elements. Likewise, the Commercial Unit Owner(s) of at least sixty-seven percent (67%) of the Commercial Unit Class Common Interest shall have the right to change the use of the Commercial Limited Common Elements. Subject to Developer's Reserved Rights set forth herein and the easements granted in Article V herein, no lease, license, easement or the similar right may be granted over the Residential Limited Common Elements or the Commercial Limited Common Elements without the vote and approval of the Residential Unit Class or the Commercial Unit Class, respectively.

G. SEPARATION, COMBINATION OF UNITS; TRANSFER OF INTEREST. Subject to Developer's Reserved Rights set forth herein, no Owner may partition or separate portions of a Unit or the legal rights

comprising ownership of a Unit from any other part thereof, nor shall an Owner combine a Unit with any portion of another Unit; provided that an Owner may consolidate Units pursuant to **Article XI, Section B.4** herein. No Owner shall sell, assign, convey, transfer, gift, devise, bequeath, hypothecate or encumber anything other than a single, complete Unit; provided, however, that nothing herein contained shall (1) limit the right of Developer and its successors and assigns to sell or lease Units as contemplated herein, or (2) restrict the manner in which title to a Unit may lawfully be held under Hawaii law (e.g., joint tenants, tenants in common, or the like). Except as provided in clause (1) above, every sale, assignment, conveyance, transfer, gift, devise, bequest, hypothecation, encumbrance, or other disposition of a Unit, or any part thereof, shall be presumed to be a disposition of the entire Unit, together with all appurtenant rights and interests created by law or by this Declaration or any other Condominium Document. The transfer of any Unit shall operate to transfer to the new owner of the Unit the interest of the prior owner in all funds held by the Association even though not expressly mentioned or described in the instrument of transfer, and without any further instrument or transfer.

H. ADA COMPLIANCE. To the extent required by law, the Project will be constructed to be accessible and adaptable if and as required under the Americans with Disabilities Act (42 U.S.C. §§ 12101 et seq.), as amended ("**ADA**"). All such areas required to be ADA compliant, as well as all improvements therein, must at all times comply with the ADA, as well as all other laws, ordinances, building codes, rules, regulations, orders and directives of any governmental authority having jurisdiction now or in the future applicable to such ADA areas.

I. NUISANCES. No nuisances shall be allowed in the Units which are a source of annoyance to the Owners or Occupants of other Units or which interfere with the peaceful possession or proper use of the Units by its Owners or Occupants. Notwithstanding the foregoing, the Commercial Units may be used in accordance with **Article VII, Section D.1** herein, and commercially reasonable standards for noise and nuisance as to such Commercial Units will be permitted at the Project.

J. WEIGHT RESTRICTION. Hard and/or heavy surface floor coverings, including, but not limited to, tile, marble, wood, or the like, may not be installed in any part of a Residential Unit without the prior approval of the Board. Furthermore, the Owner must ensure that a sound control underlayment system which meets an Impact Insulation Criteria (IIC) acoustic standard of fifty-four (54) or better is used, which system must be approved by the Association. The installation of the foregoing insulation materials shall be performed in a manner that provides proper mechanical isolation of the flooring materials from any rigid part of the Tower, whether of the concrete subfloor (vertical transmission) or adjacent walls and fittings (horizontal transmission) and must be installed prior to the Unit being occupied. The Association may require a structural or acoustical engineer to review certain proposed improvements, with such review to be at the Owner's sole expense. Owners will be held strictly liable for violations of these restrictions and for all damages resulting therefrom, and the Association has the right to require immediate removal of the violations.

K. ADVERTISEMENTS; SIGNS. Subject to Developer's Reserved Rights, Developer's easement rights, or any restrictions set forth herein, and any applicable regulations set forth in the Master Rules and/or House Rules, Residential Unit Owners shall not place advertisements, posters, or signs of any kind, including, without limitation, any "For Sale" or "For Rent" signs, on the exterior of any Residential Unit, in the windows or on the IGU of a Residential Unit, in the exterior portions of the Unit Limited Common Elements or on any part of the Residential Limited Common Elements, unless prior approval is received from the Association. The Commercial Unit Owner shall have the right to affix signs to any portion of a Commercial Unit or Commercial Limited Common Elements, provided that such signs are consistent with the Project Quality Standard. Notwithstanding the foregoing, Residential Unit Owners may not place signs in the Commercial Limited Common Elements without the prior written approval of the Commercial Director.

L. ANTENNAS, SATELLITE DISHES. To the extent permitted by applicable law and the House Rules, no Owner may install any antenna, satellite dish or other transmitting or receiving apparatus in or upon said Owner's Unit (and/or Limited Common Elements appurtenant thereto) without submitting prior written notice to the Board of such installation. The Board shall review the notice, and the Board may, in its reasonable discretion, request to review copies of any applicable installation and/or design plans. The Board shall not unreasonably withhold or delay their review of such notice and plans.

M. **PETS.** Residential Unit Owners are permitted to keep pets in their Residential Unit subject to the limitations set forth in the House Rules; provided, however, that notwithstanding this provision, qualified physically and or mentally impaired persons shall be allowed to use the assistance of a certified "service animal" or an "emotional support" animal, as such term is defined under the ADA, in accordance with the House Rules.

N. **HOUSE RULES.** Additional use restrictions that are consistent with this Declaration and the Bylaws may be set forth in the House Rules by the Board; provided, however, that the House Rules shall not regulate the use of or behavior within a Commercial Unit or its Commercial Limited Common Elements or Unit Limited Common Elements appurtenant thereto. Any proposed rules and regulations which may affect a Commercial Unit, Commercial Limited Common Elements, or Commercial Unit Limited Common Elements shall be subject to the prior written approval of the Commercial Director, who may be required to obtain the consent of any tenant subject to a lease for a Commercial Unit.

O. **RIGHTS OF THE BOARD.** Except as may otherwise be provided herein, and not by way of limitation, the Board shall have the following authority and power:

1. Upon the approval of the Owners of at least sixty-seven percent (67%) of the Common Interest, to change the use of the General Common Elements;

2. On behalf of the Association, to lease or otherwise use for the benefit of the Association the General Common Elements not actually used by any of the Owners for an originally intended special purpose, as determined by the Board; provided that, unless the approval of the Owners of at least sixty-seven percent (67%) of the Common Interest is obtained, any such lease shall not have a term exceeding five (5) years and shall contain a provision that the lease or agreement for use may be terminated by either party thereto on not more than sixty (60) calendar days' written notice;

3. To lease or otherwise use for the benefit of the Association those General Common Elements not falling within **Article VII, Section O.2.** above, upon obtaining: (a) the approval of the Owners of at least sixty-seven percent (67%) of the Common Interest, including all directly affected Owners, and (b) the approval of all mortgagees of record which hold Mortgages on Units with respect to which Owner approval is required by (a) above, if such lease or use would be in derogation of the interest of such mortgagees; and

4. The consent of the Commercial Director to the exercise of the Board's rights herein shall be required if the exercise of the right directly impacts a Commercial Unit Owners' use and operation of the Commercial Units and their appurtenant Limited Common Elements.

P. **SEVERANCE OF COMMON ELEMENTS FROM UNIT.** No Owner shall be entitled to sever his or her Unit, or any portion thereof, from that Unit's undivided interest in the (1) Common Elements, (2) in any easement interests in rights of ways appurtenant to that Unit; (3) licenses granted to that Unit under this Declaration. Neither may such component interests be severally sold, conveyed, leased, encumbered, hypothecated or otherwise dealt with, and any such attempt to do so in violation of this provision shall be void and of no effect. Developer and its successors, assigns and grantees and each Owner by acquiring his or her Unit, covenant and agree that the Units and their corresponding undivided interests in the Common Elements and the easements, licenses and other interests appurtenant thereto, shall not be separated or separately conveyed, and (1) each such undivided interest in the Common Elements and any easements appurtenant to a Unit shall be deemed to be conveyed or encumbered with its respective Unit even though the description in the instrument of conveyance or encumbrance may refer only to the title to the Unit, and (2) each such Unit shall be deemed to be conveyed or encumbered with its respective undivided interest in the Common Elements and in any easements, licenses or other interests appurtenant thereto even though the description in the instrument of conveyance or encumbrance may refer only to the title to the respective undivided interest.

Q. **NON-APPLICABILITY TO DEVELOPER.** Notwithstanding anything provided herein to the contrary, as long as there are unsold Units in the Project, the provisions of this **Article VII** shall not apply to the Units owned by Developer, Developer Affiliates, or their successors and assigns, or to the Limited Common Elements appurtenant thereto, or to any improvements proposed or made by Developer or its successors or assigns or its affiliates

in connection with its development, construction, promotion, marketing, sales, or leasing of any Unit or any portion of the Project.

VIII. ADMINISTRATION OF PROJECT. Administration of the Project shall be vested in the Association, consisting of all Owners in accordance with the Bylaws. Except as specifically provided herein, the Association shall have all of the powers set forth in §514B-104 of the Act. Operation of the Project and the maintenance, repair, replacement and restoration of the Common Elements, and any additions and alterations thereto, shall be in accordance with the provisions of the Act, this Declaration and the Bylaws including all requirements and limitations set forth in this Declaration and the Bylaws regarding the Units and the Common Elements. The Project is intended to be operated and administered at a Project Quality Standard such that the Units are operated and managed professionally and efficiently.

A. OPERATION. Except as otherwise provided in this Section or otherwise in this Declaration, the Association shall in accordance with the Project Quality Standard, perform the following:

1. Make, build, maintain and repair all General Common Elements, Residential Limited Common Elements and Unit Limited Common Elements appurtenant to more than one (1) Unit, including, without limitation, any hallways, corridors, walls, fences, gates, walkways, sidewalks, utilities, lines, drains, roads, driveways, driveway ramps, curbs, parking areas, offices, storage areas and lighting in the General Common Elements and Residential Limited Common Elements, together with other Improvements not located within the Project, but of which the Association has use or to which the Association has access.

2. Ensure the expenses for the Common Elements and Limited Common Elements are allocated as set forth in this Declaration.

3. Keep all General Common Elements, Residential Limited Common Elements and Unit Limited Common Elements appurtenant to more than one (1) Unit in a strictly clean and sanitary condition with all necessary reparations whatever in good order and condition, and repair and make good all defects in the General Common Elements, Residential Limited Common Elements and Unit Limited Common Elements appurtenant to more than one (1) Unit herein required to be repaired by the Association and observe and do anything required by all laws, ordinances, rules and regulations that apply from time to time to the Project or the use of it. Because portions of the Common Elements and Limited Common Elements are visible to and, in some cases, utilized by the general public, including customers of the Commercial Units, these areas may be maintained by the Commercial Director, in order to be consistent with the Project Quality Standard and certain costs arising therefrom shall be shared between the Residential Unit Class and the Commercial Unit Class, as set forth in **Article XII, Section A** herein.

4. Maintain and upkeep the rooftop of the Tower and pay for the cost of the maintenance and upkeep of such area.

5. In performing the operations set forth in this Section, any actions of the Association to (a) alter the exterior portion of the Parking Structure and/or Tower, (b) alter the appearance of any portion of the Commercial Unit, or (c) affect in any way the Commercial Limited Common Elements or the Commercial Unit Limited Common Elements, shall be subject to the Commercial Director's approval, or after the expiration of the Commercial Director Consent Rights, the consent of a Majority of the Commercial Unit Class.

6. Not erect or place on the Project any building or structure, including fences and walls, nor make material additions or structural alterations or exterior changes to any Common Elements of the Project except in accordance with plans and specifications prepared by a licensed architect and approved by any other Owners whose approval is required by the Act, and subject to applicable approvals required by this Declaration, including, without limitation, approvals from any governmental agencies. After starting the Improvements, the Association must work diligently to complete them in a timely manner.

7. Before commencing or permitting construction of any Improvement on the Project where the cost thereof exceeds Five Hundred Thousand and No/100 Dollars (\$500,000.00), obtain a performance bond and a labor and materials payment bond, naming as obligees the Board, the Association and collectively all Owners and their respective Lenders of record, as their respective interests may appear, with a responsible corporate surety

authorized to do business in the State of Hawaii, guaranteeing the full and faithful performance of the contract for such construction free and clear of any mechanics' and materialmen's liens for such construction, the payment of all subcontractors, laborers and materialmen, and the discharge of any mechanics' and materialmen's liens for a penal sum of not less than one hundred percent (100%) of the estimated cost of such construction. As an alternative, and under the appropriate circumstances, the Board may approve a written guaranty or other instrument guaranteeing the full and faithful performance of the contract for such construction free and clear of any mechanics' and materialmen's liens for such construction, the payment of all subcontractors, laborers and materialmen, and the discharge of any mechanics' and materialmen's liens.

8. Observe any setback lines or boundaries affecting the Project and not erect, place or maintain any building or structure whatsoever except approved fences or walls between any street boundary of the Project and the setback line along such boundary or the Project and an adjoining lot.

9. Not neglect, abuse, make or suffer any strip or waste or unlawful, improper or offensive use of the Project.

10. Subject to **Article V, Section D** herein, make emergency repairs, or install, repair, or replace portions of the Project for which the Association is responsible.

B. DEVELOPER, COMMERCIAL UNIT OWNER AND RESIDENTIAL UNIT OWNER RIGHTS AND LIMITATIONS. Except as specifically provided herein, the Association shall have all of the powers set forth in §514B-104 of the Act; provided, however, the Association may not impose any fees or charges for the use, rental or operation of the Commercial Limited Common Elements without the prior written approval of the Commercial Director, nor shall the Association amend this Declaration in any way that directly and adversely affects the Commercial Units, the Commercial Unit Limited Common Elements or the Commercial Limited Common Elements.

Subject to **Article XII, Section A.**, the Commercial Unit Owner shall pay and be responsible for the operation, care, upkeep, repair, and maintenance of the Commercial Unit, the Commercial Unit Limited Common Elements appurtenant to the Commercial Unit, and the Commercial Limited Common Elements, unless otherwise set forth herein or in the Bylaws. The Residential Unit Owners shall pay and be responsible for the operation, care, upkeep, repair, and maintenance of their respective Residential Units, their Residential Unit Limited Common Elements appurtenant to their respective Residential Units, and the Residential Limited Common Elements appurtenant to all Residential Units, except as otherwise provided for herein or in the Bylaws.

In no event during the Developer Control Period may the Board or the Association regulate or take any action with respect to Capital Upgrades or the operation, care, upkeep, repair, and maintenance of the Common Elements or Limited Common Elements appurtenant to more than one (1) Unit without the approval of Developer, or the Limited Common Elements without the additional approval of the affected Owner(s), and if such action is with respect to a Limited Common Element appurtenant to a Commercial Unit, the approval of the Commercial Director. Notwithstanding the foregoing, the actions described herein may be taken in an emergency situation if and only to the extent necessary to prevent bodily injury or substantial property damage.

The Owners shall pay and be responsible for the operation, care, upkeep, repair and maintenance of their respective Units, and the Limited Common Elements appurtenant to their respective Units, except as otherwise provided for herein or in the Bylaws.

The Parking Structure may be utilized by the Commercial Unit Owners and the Residential Unit Owners to access their respective parking and/or loading areas and Units. The exterior and interior of the Parking Structure shall be operated, repaired, and maintained by the Association. The Commercial Unit Owners, Residential Unit Owners, Board and Association shall cooperate and use their best efforts to maintain and upkeep the Parking Structure uniformly and in accordance with the Project Quality Standard. The Association shall consult and establish a coordinated maintenance schedule to promote the safety and efficiency of their maintenance activities within the Project, including, without limitation, window washing, power washing, erection of scaffolding, and other matters, and shall notify the Commercial Director of the maintenance schedule.

C. **CAPITAL UPGRADES OF COMMON ELEMENTS.** Whenever in the judgment of the Board the General Common Elements shall require Capital Upgrades costing in excess of five percent (5%) of the budgeted gross expenses of the Association for that fiscal year, and the making of such Capital Upgrades shall have been approved by a Majority of Owners, then, subject to the Commercial Director's approval, or after the expiration of the Commercial Director Consent Rights, with the consent of a Majority of the Commercial Unit Class, the Board shall proceed with such Capital Upgrades and may assess the Owners for the cost thereof as a Common Expense. If such Capital Upgrades, if not made, could reasonably result in a threat to the health or safety of the Owners or a significant risk of damage to the Project, then such actions may be taken without the prior approval of Owners and/or the Commercial Director. Any Capital Upgrades costing less than five percent (5%) of the budgeted gross expenses of the Association for that fiscal year may be made by the Board without approval of the Owners, provided said Owners are given at least ten (10) business days' written notice of a special meeting at which actions are approved by an amendment to the budget by the Board. The cost of such Capital Upgrades shall constitute a Common Expense. The foregoing shall not apply to operational expenses which shall be subject to applicable provisions of the Condominium Documents. This Section shall not apply to any Capital Upgrades made by Developer when exercising Developer's Reserved Rights.

D. **CAPITAL UPGRADES OF RESIDENTIAL AND COMMERCIAL LIMITED COMMON ELEMENTS.** Whenever the Residential Unit Class for the Residential Limited Common Elements and the Commercial Unit Class for the Commercial Limited Common Elements shall require Capital Upgrades to the Residential Limited Common Elements and the Commercial Limited Common Elements, respectively, the Residential Unit Class and the Commercial Unit Class shall proceed with such Capital Upgrades upon Majority vote of each of their respective classes. The cost of the Capital Upgrades shall be a Residential Limited Common Expense or a Commercial Limited Common Expense, as applicable. If such Capital Upgrades, if not made, could reasonably result in a threat to the health or safety of the Owners or a significant risk of damage to the Project, then such additions, renovations, replacements, alterations or Improvements may be made by the Board without the prior approval of such Owners. The appropriate class shall then reimburse the Board, as necessary, for the cost and expense in addressing the risk or threat. The foregoing shall not apply to operational expenses, which shall be subject to applicable provisions of the Condominium Documents. This Section shall not apply to any Capital Upgrades made by Developer when exercising Developer's Reserved Rights. Notwithstanding Article VIII, Section B and the foregoing, any nonstructural capital repairs, replacements, or Improvements of the Parking Structure (e.g., painting) shall be shared by the Commercial Unit Class and the Residential Unit Class as a Special Cost and Alternative Allocation, as set forth in Exhibit "C".

E. **EXTRAORDINARY ACTIONS.** Although the Board shall generally have broad powers to regulate, govern and manage the Project, the power to approve certain Extraordinary Actions (as defined below) shall remain vested in the Association. Any provision of this Declaration or the Bylaws to the contrary notwithstanding, the Board and the Association shall not be authorized to take any Extraordinary Actions during the Developer Control Period without the affirmative vote of Owners representing not less than sixty seven percent (67%) of the Residential Unit Class and the approval of the Commercial Director and Developer, and, after the end of the Developer Control Period, without the affirmative vote of Owners representing not less than a Majority of the votes of the Residential Unit Class and the approval of the Commercial Director. As used herein, the term "**Extraordinary Actions**" shall mean any and all actions taken by or on behalf of the Association, including, without limitation, amending this Declaration to change the permitted use of the Common Elements, commencing or maintaining any litigation, defending an action, filing a counterclaim, mediation or similar proceeding (except for routine Common Expense collection matters, or actions required to enforce the restrictions on use of Units, rules or architectural controls) which would reasonably require the expenditure of funds in excess of Twenty-Five Thousand Dollars (\$25,000.00) in the aggregate during any fiscal year of the Association and any determinations pursuant to Section 514B-41(c) of the Act and that are not prohibited by an express provision of this Declaration. Extraordinary Actions shall not, however, be deemed to include Capital Upgrades or actions by the Association in connection with operational expenses, including the establishment and utilization of reserves for the repair or replacement of Common Elements.

F. **MAINTENANCE OF LANDSCAPING IN COUNTY OR STATE RIGHT OF WAYS AND COUNTY OR STATE ROADS.** Developer may be required to enter into a landscaping maintenance agreement or similar agreement with the County or the State, which may require Developer to maintain all the landscaping, sidewalks and walkways, and roadways surrounding the Project. Developer intends to assign such responsibility to the Master Association of Ward Village pursuant to the Master Declaration; however, in the event the Master

Association is unable to assume such responsibility for some reason, the Association shall be responsible for such maintenance and any affiliated cost. If the Association is responsible for such maintenance, then the associated costs shall be Special Costs, allocated in accordance with Exhibit "C".

IX. MANAGING AGENT. Fiscal and administrative management of the Project and the physical management of the Residential Units, Residential Unit Limited Common Elements and Residential Limited Common Elements shall be conducted for the Association by a qualified, corporate Managing Agent who shall be appointed by the Association, in accordance with the Bylaws. The Commercial Director may appoint a qualified, corporate commercial Managing Agent or self-manage (in either case, referred to as the "**Commercial Managing Agent**") to perform physical management of the Commercial Units, Commercial Unit Limited Common Elements and Commercial Limited Common Elements at the Project Quality Standard. The Commercial Managing Agent and Managing Agent shall cooperate and work together to provide harmonious and seamless management of the entire Project. The Condominium Management Agreement shall contain a requirement that the Managing Agent operate the Project at a Project Quality Standard and further provide for the right of the Board to terminate the Condominium Management Agreement if the Project is not operated or maintained at such standard by the Managing Agent.

X. SERVICE OF LEGAL PROCESS. The Managing Agent shall be authorized to receive service of legal process for and on behalf of the Association and the Board at the address of the Managing Agent, pursuant to the Act.

XI. ALTERATION OF PROJECT.

A. IN GENERAL. This Section applies, except as otherwise provided by the FHA and elsewhere in this Declaration. This Section does not apply to changes made by Developer when exercising Developer's Reserved Rights. Neither the Association nor any Owner may make any structural changes or additions to the Common Elements, Limited Common Elements, or the Units that are different in any material respect from the Condominium Map, except pursuant to any requisite vote by the Association and amendment of this Declaration, or as otherwise set forth herein or in the Bylaws. Any such restoration, replacement, construction, alteration, or addition must be made in accordance with complete plans and specifications that are first approved by the Board in writing, and with the consent of the Commercial Director. Promptly after the work is completed, the Association, Developer, or the Owner must record the amendment along with any necessary changes to the Condominium Map. This Section does not apply to "nonmaterial structural additions to the Common Elements" as that term is used in Section 514B-140 of the Act. Nothing in this Section (1) authorizes any work or change that would jeopardize the soundness, safety or structural integrity of any part of the Project; (2) authorizes any work or change by an Owner that would materially change the uniform external appearance of the Project without the approval of the Board and the consent of the Commercial Director; (3) authorizes any work or change by the Board that would materially change the exterior of the Parking Structure or Tower without the consent of the Commercial Director; (4) prohibits the Board from making or requiring that an Owner make changes within any Unit or Limited Common Element appurtenant thereto as needed to comply with the fire code and all other laws that apply to the Project; and (5) prohibits Developer from completing the initial Project construction and Improvements or alterations required to amend a claimed or potential defect.

B. BY RESIDENTIAL UNIT OWNERS. Owners of Residential Units shall not change or cause a change to the exterior of the Residential Units or the Limited Common Elements appurtenant thereto, including the Residential Limited Common Elements and Residential Unit Limited Common Elements, (including, without limitation, the installation of any type of signage) without the prior written approval of the Board pursuant to **Article XI.E** herein, and the prior written approval of Developer during the Developer Control Period. Any change or modification that is made by Developer, in the exercise of its Developer's Reserved Rights, shall not require the approval of the Board.

Each Residential Unit Owner has the right, subject to the terms and provisions in the Condominium Documents and the approvals required above, which approvals shall not be unreasonably withheld or delayed, to make any of the following changes, additions and improvements solely within the Owner's Unit or within the Limited Common Elements appurtenant to such Unit, at such Owner's sole cost and expense, provided it does not affect any other Unit or the Common Elements:

1. To install, maintain, remove, and rearrange non-load-bearing partitions and walls from time to time within the perimeter walls of the Residential Unit; provided that the initial enclosed living area of any Residential Unit (as depicted on the Condominium Map) shall not be increased;

2. To finish, change or substitute any plumbing, electrical or other fixtures attached to the ceilings, floors or walls, as appropriate, for the use of the Residential Unit or the Limited Common Element appurtenant solely to such Unit;

3. To make such changes, additions and Improvements to the Residential Unit or appurtenant Unit Limited Common Element to facilitate handicapped accessibility within the Residential Unit or Unit Limited Common Element; and

4. To consolidate two (2) or more Residential Units owned by the same Owner, provided that any intervening walls removed are not load-bearing or structural walls and/or do not support any other Unit of the building, and to install doors and other Improvements in the intervening wall and/or make other reasonable additions. The Residential Unit Owner must ensure that the structural integrity of the Residential Unit, Limited Common Elements and the building will not be adversely affected; that any plumbing or other lines that may run behind any non-load bearing walls are not adversely affected; the finish of the remaining Common Element Improvements are restored to substantially the same condition as prior to removal; and all construction activity is completed within a reasonable time. The Common Interest and Residential Unit Class Common Interest appurtenant to the single consolidated Unit shall equal the total of the Common Interest for the original Units and shall not affect the Common Interest appurtenant to any other Unit.

C. BY COMMERCIAL UNIT OWNERS. The Owners of the Commercial Units shall have the right to change the exterior appearance of the Commercial Units, the Commercial Unit Limited Common Elements and add or reduce the non-load-bearing walls and partitions within the Commercial Units to change the configuration, size and appearance of entrances and windows, IGU, facade and storefronts of the Commercial Units and their appurtenant Commercial Unit Limited Common Elements, at such Owner's sole cost and expense, without the approval of the Board. Each Owner has the right, subject to the terms and provisions of the Condominium Documents, to make any of the following changes, additions and Improvements solely within the Owner's Unit or within a Limited Common Element appurtenant only to such Owner's Unit:

1. To install, maintain, remove and rearrange partitions within the Unit and other walls from time-to-time and/or to extend outside sitting areas or lounge areas for patrons within its Limited Common Elements;

2. To finish, change, or substitute any plumbing, electrical or other fixtures attached to the ceilings, floors, or walls as appropriate for the use of the Commercial Unit or Commercial Unit Limited Common Elements;

3. To decorate, paint, repaint, wallpaper or otherwise change the appearance of any walls, floors and ceilings within the Commercial Unit or Commercial Unit Limited Common Elements, and to add, modify, reconfigure, resize or replace the storefront or Improvements within the Commercial Unit or its Unit Limited Common Elements;

4. To make such changes, additions and Improvements to the Commercial Unit and its appurtenant Limited Common Elements to facilitate handicapped accessibility within the Commercial Unit or appurtenant Limited Common Elements;

5. To make "nonmaterial structural additions to the Common Elements", as such term is used in Section 514B-140 of the Act;

6. Subject to any zoning or building code requirements, to subdivide the Commercial Unit to create two (2) or more Units, designate which Unit Limited Common Elements of the subdivided Unit will be appurtenant to the newly-created Units resulting from the subdivision, and convert parts of the existing Commercial Unit to Common Elements to facilitate the subdivision. The sum of the Common Interest for the newly-created

Commercial Units must be equal to the total Common Interest of the Commercial Unit that was subdivided. If the Commercial Unit Owner subdivides the Commercial Unit, the Commercial Unit Owner may decide whether one or more than one resulting Commercial Unit will have any special rights or easements that are appurtenant to the original Commercial Unit under this Declaration, or such Owner may assign some or all of those rights to either or both of the resulting newly-created Commercial Units; and

7. In the event that there are multiple Commercial Units, to consolidate two (2) Commercial Units owned by the same Owner; provided that any intervening walls removed are not load-bearing or structural walls, and to install doors, stairways and other Improvements in the intervening wall and/or make other commercially reasonable additions. The Commercial Unit Owner must ensure that the structural integrity of the Commercial Units, Limited Common Elements appurtenant thereto and the building will not be adversely affected; the finish of the remaining Common Elements Improvements are restored to substantially the same condition as prior to removal; and all construction activity is completed within a reasonable time. The Common Interest of any newly-created Commercial Unit shall be the aggregate of the two (2) initially separate Commercial Units.

Any material addition or alteration to the Commercial Unit or Limited Common Elements appurtenant thereto shall require the approval of the Board only if the proposed addition or alteration, as reasonably determined by a majority of the Board, could jeopardize the soundness or safety of the Project, impair any easement, or interfere with or deprive any non-consenting Owner of the use or enjoyment, or structural integrity, of any part of the Common Elements. The issuance of a building permit by the County for the material addition or alteration shall be conclusive evidence that the addition or alteration would not jeopardize the soundness, safety or structural integrity of the Project.

D. **BY THE BOARD.** The Board has the right to change the exterior appearance of the Project, without approval of the Association, but with the consent of the Commercial Director; provided that the cost of such change shall not exceed five hundred thousand dollars (\$500,000.00). During the Development Period, however, the Board may not pursue any such change without Developer's prior written approval.

E. **APPROVAL OF THE BOARD; CONDITIONS TO BOARD APPROVAL.** It is intended that the Parking Structure and the Tower present a uniform and attractive appearance in accordance with the Project Quality Standard. Accordingly, whenever any proposed modification, change, addition to, or alteration of any Unit or Limited Common Element appurtenant thereto will impact such appearance, the Owner(s) must submit a written request for Board approval, which request must include plans and specifications depicting or showing the proposed modification, change, addition, or alteration. The Board must respond to a request for approval within forty-five (45) calendar days after it receives such a request. The request will be deemed approved unless, within the forty-five (45) day period, the Board (i) disapproves the request, (ii) asks the Owner to make changes, or (iii) notifies the Owner that other Owners have challenged the request. The Board shall base its decision to grant or deny approval at least in part upon considerations of whether (and to what extent) the proposed modification, change, addition, or alteration will adversely affect the exterior appearance of the Project. Except in connection with proposed modifications to accommodate Owners with disabilities, if the Board or the Commercial Director determines that the proposed modification, change, addition, or alteration will adversely affect the appearance of the exterior of the Project or is not consistent with the Project Quality Standard, the Board shall not grant approval. If the Board decides that a proposed modification, change, addition, or alteration will not adversely affect the appearance of the exterior of the Project and decides to permit the modification, change, addition, or alteration as consistent with the Project Quality Standard, the Board shall first provide all Owners with written notice, and the proposed modification, change, addition, or alteration shall not be implemented until the Owners shall have had an opportunity to challenge the determination, and, if challenged by any Owner, then the proposed modification, change, addition, or alteration will require the approval of Owners of Units holding no less than sixty seven percent (67%) of the Common Interests. The Board in its sole discretion may impose reasonable conditions upon the Board's approval of any modification, change, addition, or alteration over which it has approval authority under this Section, including, without limitation the following:

1. The Owner of the Unit shall provide evidence satisfactory to the Board that the Owner has sufficient funds in cash or by means of committed financing to fully pay the estimated costs of construction for the contemplated modification, change, addition, or alteration.

2. The Owner of the Unit provides a copy of the building permit covering the proposed Improvement work duly issued by the County and the construction contract.

3. For modifications, changes, additions, alterations, and other work estimated cost of which shall exceed Five Hundred Thousand and No/100 dollars (\$500,000.00), the Owner of the Residential Unit shall provide a performance bond and a labor and materials payment bond in a face amount equal to one hundred percent (100%) of the estimated cost of the construction, naming the Board on behalf of the Association, the Owners and their Lenders, as their respective interests may appear, as additional obligees. As an alternative, and under the appropriate circumstances, the Board may approve a written indemnity, in form and content acceptable to the Association, under which the Owner of the Unit agrees to indemnify and save harmless the Association, the Owners, and their Lenders, as their respective interests may appear, from and against any claims, demands or liability arising out of any failure by the Owner to pay all costs and expenses for any and all labor, materials or supplies for any work performed in or to the Unit or appurtenant Limited Common Elements.

4. The work shall be done by a licensed architect, engineer, or other construction professional.

5. Changes to the plans and specifications may not be done without Board approval.

6. That the Owner's contractor shall not be permitted to use the Association's trash containers or receptacles for disposal of any construction trash or debris, and that no accumulation of trash or other debris from any construction activity within the Unit or Limited Common Elements appurtenant thereto shall be allowed or permitted to remain on the Common Elements but shall be removed on a daily basis by the Owner's contractor.

7. That upon completion of the work, the Owner shall provide to the Association a copy of the notice of completion covering the modification, change, addition, alteration, or Improvement, duly published, and the affidavit of publication regarding such notice of completion, duly filed, in accordance with Section 507-43 of the Hawaii Revised Statutes, as amended.

F. **UNAUTHORIZED WORK.** The Board shall be allowed access to inspect any work being done on Unit or Limited Common Element appurtenant thereto from time to time. The Board may require the removal or correction of any work (i) not authorized by the Board, or (ii) that may materially affect the Common Elements, the exterior of the Project or the rights of any other Owner.

G. **CONTRACTOR PARKING.** The Owner shall require its contractors, subcontractors and anyone else performing the work, and their agents and independent contractors to park offsite, unless otherwise permitted in the House Rules and/or by the Managing Agent.

H. **DEVELOPER'S RIGHTS.** Notwithstanding the requirements of this Section to the contrary, in no event shall Developer be required to obtain Board approval when exercising the Developer's Reserved Rights set forth in this Declaration. The Developer, as the Owner of any Unit, shall be exempt from the restrictions and approval requirements in this Article and shall have the right to make any changes within the Unit without the Board's approval or consent, provided, that such work does not jeopardize the safety, soundness, or structural integrity of the Improvements in the Project.

I. **COMMERCIAL UNITS.** Notwithstanding anything in this Section, Improvements and changes by or on behalf of a Commercial Unit Owners shall not be subject to **Article XI, Section E** above or Section VII.4 of the Bylaws.

J. **FAÇADE SIGNAGE; COMMERCIAL UNIT OWNER AND DEVELOPER.** The Commercial Unit Owners shall have the exclusive right for the benefit of its Commercial Unit, to install, maintain, repair and replace (from time to time) signs and other displays on the exterior facade of the Parking Structure and the Commercial Unit or the Limited Common Elements appurtenant solely to such Unit (individually, a "Façade Sign" and collectively, the "Façade Signs"), in a size and location as permitted by and subject to any zoning or signage laws or other governmental requirements, subject to any restrictions set forth in the Master Declaration. The Façade Signs shall be consistent with the Project Quality Standard. Façade Signs shall be subject to any requirements and limitations established by Developer with respect to all aspects of Façade Signs (including, without limitation, the plans, specifications, and method of affixing the Façade Signs to the building and extending electrical service thereto, if applicable). All Façade Signs, to the extent not required to be insured by the Association, shall be insured at the

exclusive cost of the Commercial Unit Owner installing such signage, or it Occupant. The Commercial Unit Owner exercising its right to install the Façade Sign pursuant to this Section shall be solely responsible for the lighting, installation, maintenance and replacement of its Façade Sign, and liable for the costs and repair of any damage to the Project proximately caused by such installation, maintenance and replacement. Developer or the Commercial Director may establish and administer any comprehensive sign criteria and shall assume all duties relating to Façade Signs, including, without limitation, approval thereof.

K. OWNERS TO EXECUTE AMENDMENT DOCUMENTS IN CERTAIN CASES. In the event that any change or alteration of a Unit pursuant to and in compliance with this Article XI shall alter the depiction of the particular Unit on the Condominium Map or the description thereof in this Declaration, then the Owner of such Unit shall amend this Declaration and/or the Condominium Map to set forth such approved change or alteration, which amendment(s) may be executed by the Owner of the affected Unit or Units and by no other party, and shall become effective upon the recordation thereof in said Bureau. The provisions of Article XVI below notwithstanding, such amendment shall not require the consent or joinder of the Owner of any other Unit or any other Person, other than any mortgagee of such Unit or Units which are changed or altered (if the mortgagee requires such consent or joinder). Every Owner and all holders of liens affecting any of the Units of the Project and each and every other party acquiring an interest in the Project or any part thereof, by acquiring such Unit, lien or other interest, consents to and agrees that they shall, if required by law or by any such Owner who shall have changed or altered a Unit as aforesaid, join in, consent to, execute, deliver and record all instruments and documents necessary or desirable to effect the amendment of this Declaration and/or the Condominium Map; and appoint such Owner and his or her assigns as their attorney-in-fact with full power of substitution to execute, deliver and record such documents and to do such things on their behalf, which grant of such power, being coupled with an interest, is irrevocable and shall not be affected by the disability of any such party.

XII. COMMON EXPENSES; LIMITED COMMON EXPENSES; UNIT CLASS EXPENSES; SPECIAL COSTS; ALTERNATIVE ALLOCATION; OTHER COSTS AND EXPENSES; LIEN.

The Board, acting on behalf of the Association, shall, from time to time, assess the Common Expenses against all the Units, Unit Class Expenses against all Units in a Unit Class, and costs against specific Units in accordance with the Act, this Declaration and the Bylaws. All assessments shall constitute a lien against the Unit to which such assessment is attributed.

A. SPECIAL COST AND ALTERNATIVE ALLOCATION. The "Special Costs" and "Alternative Allocation" are set forth in Exhibit "C" attached hereto and incorporated herein by reference. In determining an equitable and fair allocation of costs, one Unit Class may pay and manage the entirety of a cost for a service and manage such service shared by both Unit Classes, and in return, the other Unit Class may pay the entirety of a different service shared by both Unit Classes, in equity, or one Unit Class may reimburse the other Unit Class a reasonable portion of the costs, in equity, or they may allocate the cost in accordance with Exhibit "C". The Special Costs and Alternative Allocation are allocated to each Owner based on the Unit Class Common Interest set forth in Exhibit "B". Except as otherwise provided herein, the Unit and its Alternative Allocation shall not be severed from the Unit Class or the Unit. The Special Costs and Alternative Allocations set forth in Exhibit "C" shall not be amended without the consent of Developer until the end of the Development Period, then the consent of the Association and the Commercial Unit Class thereafter, which consent shall not be unreasonably withheld or delayed.

B. COMMON EXPENSES. Other than those profits or expenses directly attributable to the Limited Common Elements, and except as otherwise provided herein, the common profits and expenses of the Association shall be distributed among, and the Common Expenses shall be charged to, the Unit Owners as Special Costs. The costs of maintenance, repair, and replacement of the General Common Elements, including reserves for the Common Elements and all other Common Expenses of the Common Elements, shall be allocated as provided in Exhibit "C".

C. LIMITED COMMON ELEMENT EXPENSES. In general, profits and expenses attributable to Unit Limited Common Elements shall be distributed or charged to the Owner(s) of the Unit(s) to which such Unit Limited Common Elements are appurtenant. If a Limited Common Element is appurtenant to more than one (1) Unit, then the Units shall share the cost in proportion to their relative Common Interests, as set forth in Exhibit "B" herein; provided that the Association may assess the costs of maintenance and upkeep of Limited Common Element parking stalls and/or storage rooms for the Residential Units as a Residential Unit Class Expense. If there are certain Limited

Common Elements that the Association is responsible for maintaining (i.e., individual parking stalls), the Owners of said Units shall be responsible for reimbursing the Association for any costs associated with such maintenance.

D. UNIT CLASS EXPENSES. The Commercial Unit Class Expense and Residential Unit Class Expense shall be allocated to the appropriate Unit Class based on the Unit Class Common Interest set forth in Exhibit "B" and shall include the Special Costs allocated to the Unit Class based on the Alternative Allocation. In addition to those costs set forth in Exhibit "C", the following specific expenses shall also be Residential Unit Class Expenses: (1) costs to support, maintain, and operate the Residential Limited Common Elements; (2) all costs of maintenance, repair, replacement, including reserves, of any equipment or apparatus servicing only the Residential Limited Common Elements; (3) all costs of the Resident or Site Manager, if any, including salary expenses of all personnel, and the cost of any Resident Manager's or Site Manager's Unit, including such Unit's share of the Common Expense, if any; and (4) the cost of personnel exclusively servicing the Residential Units and Residential Limited Common Elements. In addition to those costs set forth in Exhibit "C", the following specific expenses shall also be Commercial Unit Class Expenses: (i) costs to support, maintain and operate the Commercial Limited Common Elements; (ii) all costs of maintenance, repair, replacement, including reserves of any equipment or apparatus serving only the Commercial Limited Common Elements; (iii) all costs of the Commercial Managing Agent servicing the Commercial Units and appurtenant Limited Common Elements, if any; and (iv) the cost of any personnel utilized to serve only the Commercial Units and their appurtenant Limited Common Elements, if any.

E. CERTAIN VENDOR COSTS; SEPARATE METERS. If any services are provided to or if any costs are incurred for any Common Element where the respective direct allocation of such costs between General Common Elements, Residential Limited Common Elements and Commercial Limited Common Elements are not readily determinable by separate meters or separate billing by vendors, the Board shall request the vendor of the services to segregate the billings as between the General Common Elements, Residential Limited Common Elements and Commercial Limited Common Elements. If the vendor is unable to or refuses to meter usage or allocate costs, then the Board may unanimously agree to an Alternative Allocation of such Special Costs between the Commercial Unit Class and Residential Unit Class. In arriving at such agreement, the Board may engage the services of a professional engineer or other professional to provide his/her opinion of a fair allocation. If the Board is not able to agree on such allocation (a "deadlock"), notwithstanding anything contained in this Declaration to the contrary, the matter shall be submitted to binding arbitration unless the Board unanimously agrees otherwise. In the event of a deadlock, any Board member may initiate arbitration to resolve the deadlock by providing written notice of such desire to each Board member. The Board shall have a period of twenty (20) calendar days following the date notice is given to agree by a majority of the Board on a single arbitrator who shall be a professional engineer or other professional to resolve the deadlock, and if the Board fails to do so, then the arbitrator shall be determined by application to DPR (or similar alternative dispute resolution services if DPR ceases to exist), in which event the arbitration shall be administered by DPR pursuant to its Protocols for Arbitration of Disputes (or the arbitration rules and proceedings of such similar dispute resolution service if DPR ceases to exist). The costs of the arbitration shall be a Common Expense. The decision of the arbitrator shall be final and binding on the Board and the Owners, and a judgment on the arbitrator's decision may be entered by any court having jurisdiction.

F. OTHER EXPENSES. All charges, costs and expenses incurred by the Association which are necessitated by the negligence, misuse or neglect of any Owner or Occupant or any Person under either of them to the extent not covered by insurance may be charged to such Owner or the Owner of the Unit of such Occupant, as a special assessment, which is secured by the lien created under this Section pursuant to the provisions of Section 514B-143(d) of the Act.

G. ASSESSMENT OF EXPENSES. Assessments shall be levied at such time as the Board adopts the budget for the calendar year in question. The Board shall mail to each Owner, at the address shown in the records of the Association, a written statement setting forth the amount of the assessment against each Unit. Except as otherwise provided herein or in the Act, all sums assessed by the Association but unpaid for the share of the Common Expenses, Unit Class Expenses or costs chargeable to any Unit shall constitute a lien on the Unit prior to all other liens, except only: (1) liens for taxes and assessments lawfully imposed by governmental authority against the Unit, and (2) all sums unpaid on Mortgages filed prior to the filing of a notice of lien by the Association, and costs and expenses, including attorneys' fees, provided in such Mortgages.

H. COLLECTION OF ASSESSMENTS. When the Lender or other purchaser of any Unit acquires title to such Unit as a result of the remedies provided in the Mortgage, foreclosure of the Mortgage, or a private sale or deed in lieu of foreclosure, such Lender or such other purchaser, as the case may be, and their respective heirs, devisees, personal representatives, successors, and assigns, shall not be liable for the share of the Common Expenses or Assessments chargeable to such Unit which became due prior to such acquisition of title. Subject to the right of the Board to specially assess the amount of the unpaid regular monthly Assessments for Common Expenses against an Owner pursuant to the provisions of Section 514B-146 (g) of the Act (other than purchasers who hold a first Mortgage filed prior to the filing of a notice of lien): (1) the unpaid share of Common Expenses shall be deemed Common Expenses collectible from all of the Owners, including such Lender or such other purchaser of a Unit with the unpaid share of Common Expenses and their respective heirs, devisees, personal representatives, successors, and assigns, (2) the unpaid share of Unit Class Expenses shall be deemed collectible from all of the Owners in the particular Unit Class, including the purchasing Lender or purchaser of the Unit with the unpaid share of such Unit Class Expense and their respective heirs, devisees, personal representatives, successors and assigns, (3) the unpaid share of Special Costs shall be deemed collectible from all of the Owners to which such Special Costs are applicable, including the purchasing Lender or purchaser of the Unit with the unpaid share of such Special Costs and their respective heirs, devisees, personal representatives, successors, and assigns, and (4) the unpaid share of Limited Common Expenses shall be deemed collectible from all of the Owners to which such Limited Common Expenses are applicable, including the purchasing Lender or purchaser of the Unit with the unpaid share of such Limited Common Expenses and their respective heirs, devisees, personal representatives, successors, and assigns.

No Owner shall be exempt from liability for the Owner's contribution toward the Common Expenses by waiver of the use or enjoyment of any of the Common Elements or by abandonment of the Owner's Unit.

I. ASSESSMENT LIEN. All Assessments shall constitute a lien against the Unit to which such assessment is attributed. The lien may be foreclosed by action by the Managing Agent or Board, acting on behalf of the Association, in like manner as a Mortgage of real property. In any such foreclosure, the Owner shall be required to pay a reasonable rental for the Unit and the Association shall be entitled to the appointment of a receiver to collect the same. The Managing Agent or Board, acting on behalf of the Association, may, unless otherwise prohibited in this Declaration, bid on the Unit at the foreclosure sale, and acquire and hold, lease, mortgage and convey the same. Action to recover a money judgment for unpaid Common Expenses and other Assessments shall be maintainable without foreclosing or waiving the lien securing the same.

Prior to foreclosing upon such lien, the Board or Managing Agent shall provide thirty (30) calendar days' prior written notice of its intention to foreclose, by mailing such notice, postage prepaid, to the last known address of all persons having an interest in such Unit as shown in a title report pertaining to the Unit, which title report shall be dated not more than sixty (60) calendar days prior to the date of any such notice, including, but not limited to, any lender or insurer of a Mortgage of any interest in such Unit.

J. INTEREST IN COMMON EXPENSE FUNDS NOT SEPARATELY ASSIGNABLE. The proportionate interest of each Owner in any capital contributions, custodial fund or maintenance reserve fund cannot be withdrawn or separately assigned but shall be deemed to be transferred with such Unit even though not expressly mentioned or described in the conveyance thereof. In case the Project shall be terminated or waived, said capital contributions, custodial fund, or maintenance reserve fund remaining after full payment of all Common Expenses of the Association shall be distributed to all Owners in their respective proportionate shares except for the Owners of any Units then reconstituted as part of a new condominium property regime.

XIII. INSURANCE.

A. INSURANCE GENERALLY. The Association shall obtain and maintain the insurance required by this Article with the exception of the insurance coverage to be obtained by the Owners pursuant to **Article XIII, Section B.3** and **Section F** below. The cost of insurance obtained by the Association shall be a Special Cost assessed in accordance with Exhibit "C". Each policy may be separate, or the Association can buy one or more commercial package policies provided such package policy allocates the amount of coverage from time to time required hereunder or shall otherwise provide the same protection as would a separate policy insuring only the Project. Until the end of the Developer Control Period, Developer shall have the rights of the Association and/or the Insurance Trustee provided herein.

1. **SOURCE OF THE INSURANCE.** The Association shall buy the insurance.
2. **QUALIFIED INSURANCE COMPANIES.** Each insurance company must be licensed to do business in the State of Hawaii except for (a) federal flood insurance and other government insurance programs, and (b) insurance not available, or not available at a reasonable price from a company licensed in the State of Hawaii. Each insurance company must have a financial rating of A-VII or better according to Best's Insurance Report. If the insurance cannot be obtained from a company having that rating, or if the Board decides that the cost is too high, then the Association may buy the insurance from any financially sound company of recognized responsibility.
3. **ADDITIONAL INSURANCE.** The Board has the right and power to increase coverage or to obtain better terms than those stated in this Section if the Board decides that it is necessary or is in the best interests of the Association. The Board may also buy other kinds of insurance even if they are not described in this **Article XIII**.
4. **SUMMARY OF INSURANCE POLICIES.** Each insurance policy obtained by the Association to provide the coverage required under this Section shall be summarized in writing, in layman's terms, at the inception of the insurance policy. The summary shall include the type of insurance policy, a description of the coverage and the limits thereof, amount of annual premium and renewal dates. The Board shall provide this information to each Owner.
5. **YEARLY REVIEW OF INSURANCE PROGRAMS.** The Board must review the adequacy of its entire insurance program at least yearly. The Managing Agent must furnish an analysis of (a) the insurance needs of the Association and the Owners; and (b) the adequacy of the existing insurance policies to meet those needs. The Board shall review this analysis and then make any changes in the insurance program that it deems necessary or appropriate. All Board decisions are final, provided that such decisions align with, but, notwithstanding anything to the contrary, do not exceed the insurance requirements of Developer's mortgage lender, if any. The Board must report in writing its conclusions and the action taken after its review.
6. **LIABILITY FOR INSURANCE DECISIONS.** The Board will not be liable for any decision it makes regarding insurance unless it was grossly negligent or guilty of intentional misconduct. Likewise, neither Developer nor the Managing Agent nor the Representative of any of the foregoing will be liable except for their gross negligence or intentional misconduct regarding any decisions pertaining to insurance.
7. **INSPECTION AND COPIES OF INSURANCE POLICIES.** Any Owner (and anyone having executed a contract to buy a Unit) may inspect copies of the Association's insurance policies at the office of the Managing Agent. If asked to do so, the Board will furnish a copy of any policy, or a current certificate of insurance, to any Lender that has a first Mortgage on a Unit. The Lender must pay a reasonable fee for the copy. Upon request, the Board shall provide a copy of any policy to the Commercial Unit Owner free of charge.
8. **NOTICE OF CHANGES IN INSURANCE.** The Association will send notice to the Owners if:
 - a. The Association's policy of property insurance under **Article XIII, Section B** or liability insurance under **Article XIII, Section D** has lapsed, has been canceled, or will not be renewed unless replacement coverage will be in effect before the policies lapse or are canceled; or
 - b. There is a significant adverse change in the coverage of those policies (for example, a significant reduction in the policy limits or a substantial increase in the deductible).
 - c. The Association must send any notice required by this **Article XIII, Section A.8** by first-class mail and as soon as reasonably possible.

B. PROPERTY INSURANCE. The Association must buy and keep in effect at all times a policy of property insurance. This is referred to as the "**Policy**" in this Section.

1. **WHO IS INSURED.** The Policy must name the Association, as trustee for all Owners and any Lenders, as the insured. Developer must also be named as an insured during the Development Period.

2. **REQUIRED COVERAGE.** Except for those items set forth in **Article XIII, Section B.3** below which are required to be covered by an Owner, the Policy must insure all Units, Common Elements, and all common personal property belonging to the Association. The Policy must be in a total amount not less than the full insurable replacement cost of the insured property with no co-insurance, less commercially reasonable deductibles, but including coverage for the increased costs of construction due to building code requirements, at the time the insurance is purchased and at each renewal date. Replacement cost shall be evaluated and updated, at a minimum, annually and at the time of each renewal. The Policy shall not cover any Improvements and betterments or personal property in a Commercial Unit after the time a Certificate of Occupancy is issued for such Commercial Unit. The cost of replacement of such items shall be the sole responsibility and expense of the Owner of such Commercial Unit. The Policy need not cover land, foundation, excavation, and other items normally excluded from such coverage.

3. **OWNER HAZARD COVERAGE REQUIRED.**

a. Each Owner of a Residential Unit is solely responsible, at such Owner's sole expense, for obtaining and maintaining a personal home insurance policy of Type HO-6 or an equivalent policy that provides customary coverage for liability and for such Owner's personal property, Improvements and betterments, and other portions of the Residential Unit that are not covered under the Policy. Property outside the Unit boundaries described in **Article III, Section B.4** are not required to be covered by the HO-6.

b. The HO-6 policy shall provide at minimum the following coverages: (1) Dwelling coverage for the replacement value of any permanent improvements made to the Unit beyond what the Developer delivered in accordance with the as built plans and specifications; (2) Personal Property coverage of \$50,000; (3) Loss of Use coverage of \$20,000; (4) Liability coverage of \$500,000; (5) Medical Payments of \$5000; and (6) Loss Assessment of \$10,000. All HO-6 policies must have "Special Perils" coverage.

c. The Residential Unit Owner shall be responsible for the deductible of the Owner's policy, the Association's insurance deductible that may be available for the damage claimed though the Association's policy, and other repairs (i.e., decorating, painting, wall and floor coverings, trip, appliances, equipment). The Board will collect the deductible from the Owner as a special assessment pursuant to the Declaration and Bylaws.

d. The Owner(s) of the Commercial Unit is responsible, at its sole expense, for obtaining insurance coverage for personal property, Improvements and betterments, and other items within such Commercial Unit to the extent that such items or personal property are not covered under the Policy and such insurance policy may include business interruption coverage for loss of rents, as applicable.

e. In addition to the insurance obtained in this **Article XIII, Section B.3**, the Commercial Unit Owner(s) may purchase, for the benefit of the Commercial Unit Owner(s), supplemental all-risk of physical loss insurance coverage insuring the Commercial Unit and its appurtenant Limited Common Elements, the proceeds of which shall be paid to, and be for the exclusive use of, and administered by, the Commercial Unit Owner(s). Notwithstanding such coverage, the Policy shall remain the primary insurance for those matters required to be insured against pursuant to **Article XIII, Section B.2** above. The liability of carriers issuing the Policy shall not be affected or diminished by reason of any such supplemental insurance obtained by the Commercial Unit Owners.

f. Each Owner may also be required, at such Owner's own expense, to obtain additional insurance coverage as may be determined pursuant to the provisions of Section 514B-143(g) of the Act.

g. To the fullest extent permitted by law and provided such waiver is available in the commercial marketplace, any policy obtained pursuant to this Section must provide that the insurance company waives

any right of subrogation to any right of the Persons insured by the Policy as against the Association, the Board, the Managing Agent, Developer, the Owners, and the Representatives of each of the foregoing.

4. **FORM OF POLICY.** The Policy must cover the perils insured under ISO special causes of loss form (CP 10 30) or equivalent. A "**special form policy**" typically insures against the following: fire, lightning, windstorm, hail, smoke, explosion, civil commotion, riot and riot attending strike, aircraft and vehicle damage, vandalism, sprinkler leakage, sinkhole collapse, volcanic action, breakage of glass, falling objects, water damage, collapse of structure, and direct physical loss. If the Project is located in an area prone to earthquakes, tsunamis, flood, windstorm, named storms, storm surge or hurricanes, the Association must also buy insurance for such risks available at a reasonable cost or in form and amounts as required by Developer's mortgage lender, if any.

5. **ADDITIONAL COVERAGE.** The Policy must contain an agreed amount endorsement or waive any co-insurance requirement. The policy must cover terrorism, ordinance or law, boiler and machinery/equipment breakdown and must provide rental loss and/or business income interruption insurance with, as respects loss of income, an endorsement or provision containing an extended period of indemnity of not less than eighteen (18) months and, as respects rental insurance, in an amount equal to 100% of the projected gross income from operations.

6. **REQUIRED AND PROHIBITED PROVISIONS.** Unless the Board decides the cost is unreasonably high, the Policy, at minimum, must provide as follows:

a. The Policy must not relieve the insurance company from liability because of any increased hazard on any part of the Project, not within the control or knowledge of the Association, the Board, Developer, the Managing Agent, any Owner, or any Persons under any of them;

b. The Policy must not permit the insurance company to cancel or substantially change the Policy or the coverage (whether or not asked by the Board) unless the insurance company gives written notice of the cancellation or change at least thirty (30) calendar days in advance. The insurance company must send the notice to the Board and the Managing Agent. The Board will send a copy to each Lender and any other Interested Person who has, in either case, requested a copy of any such notice and has provided the Board with an address for such notice.

c. The Policy must provide that the insurance company waives any right of subrogation to any right of the Persons insured by the Policy as against the Association, the Board, the Managing Agent, Developer, the Owners and the Representatives of each of the foregoing.

d. The Policy must provide that the insurance company waives any right to deny liability because any Unit or Units are vacant.

e. The Policy must not limit or prohibit any Owner from buying other insurance for the Owner's own benefit. It must also provide that the liability of the insurance company will be primary and will not be affected by any such other insurance, and that the insurance company cannot claim any right of set off, counterclaim, apportionment, proration, or contribution by reason of any other insurance obtained by or for any Owner.

f. The Policy must provide that any loss will be settled by (i) the insurance company, (ii) the Board, and (iii) any Lender having a Mortgage on the Project or on a Unit directly affected by the loss.

g. The Policy must contain a standard "**mortgagee clause**". This protects the rights of Lenders. Unless it cannot be reasonably obtained, the mortgagee clause must:

(i) Name as an insured Developer's mortgage lender and any Lender whose name has been furnished to the Board and to the insurance company;

(ii) Provide that any reference to a Lender in the policy includes all Lenders, in their order of priority, named in the Policy;

(iii) Provide that any act or neglect of the Association, the Board, or any Owner or Occupant will not release the insurance company from its duties to the Lender;

(iv) Provide that the insurance company waives:

(a) any right to deny coverage for the Lender's benefit because the Lender unknowingly fails to notify the insurance company of any hazardous use,

(b) any requirement that the Lender pay any policy premium (provided, however, the Lender may pay any premium due if the Association fails to do so on time), and

(c) any right to contribution from the Lender.

h. The Policy must provide that if there is a loss to the Project and a single payment by the insurance company exceeds Two Hundred Thousand Dollars (\$200,000.00), then the proceeds must be paid to the Insurance Trustee. The Insurance Trustee shall be required to make the proceeds of the Policy available pursuant to the provisions of **Article XIII, Section A and Section D** of this Declaration. The Policy must also require that the insurance company recognize the insurance trust agreement referred to in **Article XIV, Section H** of this Declaration. Whenever insurance proceeds are deposited with an Insurance Trustee, the Association must promptly notify each Lender listed in the Association's records of ownership.

C. **FLOOD INSURANCE.** If the Project is located in a special flood hazard area as delineated on flood maps issued by the County, the Association must buy a policy of flood insurance that complies with the requirements of the National Flood Insurance Program and the Federal Insurance Administration unless the Project has obtained an exemption certificate from the Federal Emergency Management Agency ("**FEMA**") or a special rate consideration.

D. **LIABILITY INSURANCE.** The Board must buy and keep in effect commercial general liability insurance and, if necessary, commercial umbrella insurance written as follow form or alternatively with a form that provides coverage that is at least as broad as the primary insurance policies, commercial vehicle insurance, workers' compensation and employer's liability insurance. In this Section, the commercial general liability insurance and commercial umbrella insurance are together called the "**Liability Policy**".

1. **WHO IS INSURED.** The Liability Policy must cover all Owners, the Board, the Association, the Managing Agent and, during the Development Period, Developer and each of their Representatives against claims for personal injury, bodily injury, death, and property damage. The Liability Policy must name Owners and their Representatives as additional insureds and the policy must include coverage for terrorism. To evidence compliance with this requirement, the Board will obtain a certificate of insurance and provide a copy to the Commercial Unit Owner(s). During such time that Developer is an Owner, the liability policy must name as additional insureds Developer, and such additional insureds as Developer shall direct from time to time and the Representatives of all of the foregoing. To the extent commercially reasonably available, the certificate shall also provide that not less than thirty (30) calendar days' notice of cancellation or decrease in coverage shall be given to the Commercial Unit Owner(s). To the fullest extent permitted by law, any policy obtained pursuant to this **Article XIII, Section D** must provide that the insurance company waives any right of subrogation to any right of the Persons insured by the Policy as against the Association, the Board, the Managing Agent, Developer, the Owners and the Representatives of each of the foregoing.

2. **REQUIRED COVERAGES.** The Liability Policy must include coverage provided by a broad form comprehensive general liability endorsement and coverage against claims for personal injury, bodily injury, and death or property damage occurring upon, in or about the Property, provided on an "occurrence" form. The combined limits must not be less than FIVE MILLION DOLLARS (\$5,000,000) in the aggregate (which limits must be dedicated to the Project and can be provided by any combination of primary and umbrella coverage), and FIVE MILLION DOLLARS (\$5,000,000) per occurrence. The Liability Policy should provide coverage for premises and

operations, products and completed operations, if any, independent contractors, blanket contractual liability for insured contracts and also bodily injury (including death) and property damage that results from the operation, maintenance, or use of the Common Elements and, if applicable, commercial vehicle liability (owned, hired and non-owned vehicles). The Board must also provide workers' compensation with statutory limits and employer's liability insurance with limits of not less than ONE MILLION DOLLARS (\$1,000,000).

3. **REQUIRED AND PROHIBITED PROVISIONS.** Unless the Board decides the cost is unreasonably high, provided any such Board decision aligns with the insurance requirements of Developer's mortgage lender, if any, the Liability Policy, at minimum, must provide as follows:

a. The Liability Policy must not limit or prohibit any Owner from buying other liability insurance for the Owner's own benefit.

b. The Liability Policy must not relieve the insurance company from liability because of any unintentional act or neglect of the Association, the Managing Agent, Developer, the Board, the Owners and Occupants, or any Person under any of them.

c. The Liability Policy must provide that the insurance company waives any right of subrogation to any right of the Persons insured by the Liability Policy as against the Association, the Board, the Managing Agent, Developer, the Owners, and any of their Representatives.

d. The Liability Policy must contain a "cross-liability" endorsement.

e. The Liability Policy must contain a "severability of interest" provision.

The Liability Policy must not permit the insurance company to cancel or substantially change the Liability Policy or the coverage (whether or not asked by the Board) unless the insurance company gives written notice of the cancellation or change at least thirty (30) calendar days in advance. The insurance company must send the notice to the Board (Association). The Board will send a copy to every Lender, the Managing Agent, and, during the Development Period, Developer and, and any other Interested Person who has, in either case, requested a copy of any such notice.

4. **OPTING-OUT.** Notwithstanding anything herein contained, the Commercial Unit Owner(s) (acting unanimously if more than one) may elect at any time and from time to time by notice to the Association to obtain on its or their own behalf (and not on a shared basis with the Association) commercial general liability insurance and the commercial umbrella insurance set forth above, in which event (a) the Commercial Unit Owner(s) shall pay for such insurance and the costs and benefits thereof shall not be shared; (b) the Commercial Unit Owner(s) shall provide to the Association upon its request, and in all events not less than once every twelve (12) months, with reasonably satisfactory evidence of such coverage; (c) the insurance coverage provided by the separate policies maintained by the Commercial Unit Owner(s) must be substantially equivalent (to provide coverage for the Commercial Unit Owner(s) exposure) to the coverage that would have been required to be maintained by the Association for the benefit of all Owners if the Commercial Unit Owner(s) had not made such election; and (d) in the event that the Commercial Unit Owner(s) have elected to obtain on its or their own behalf such insurance, then with respect to such Commercial Unit Owner(s), the coverages maintained by the Association as set forth in this Section shall be limited to covering the Residential Unit Owners, the Board, the Association and each of their Representatives and the Commercial Unit Owner(s) shall have no obligation to pay any portion of the cost of such liability insurance coverage maintained by the Association and with respect to such costs. This provision shall take precedence over the Alternative Allocation of the Special Cost for insurance provided in Exhibit "C".

E. **DIRECTORS' AND OFFICERS' LIABILITY INSURANCE.** The Board must buy and maintain a policy insuring, to the extent allowed by law, each person who is or was a Director, Officer, agent, or employee of the Association against all liability in connection with any claim made against him or her as a result of his or her holding that position. This is referred to as the "D&O Policy" in this Section. The D&O Policy must also cover anyone who serves, at the request of the Association, as a Director, Officer, employee, or agent. The Board will determine the D&O Policy coverages and limits from time to time provided any such determination shall align with

but shall not exceed the insurance requirements of Developer's mortgage lender, if any. If it can be obtained at a reasonable cost, the D&O Policy must provide coverage to the extent permitted by law for any proceeding whether it is civil or criminal, administrative or investigative. The D&O Policy must cover any expense actually and reasonably incurred. This includes, but is not limited to, attorneys' fees, court costs, and payment of any judgments, fines, and settlements. The Board may decide to buy insurance to cover circumstances where direct reimbursement is not required by law.

F. UNIT LIABILITY INSURANCE AND OTHER INSURANCE. A Residential Unit Owner who operates a home-based business in his or her Unit is also responsible for obtaining a commercial general liability policy with coverage that is customary for operations of its size and character, and the Association and its Representatives shall be named as an additional insured on such policy.

G. RESIDENTIAL AND COMMERCIAL UNIT LIABILITY INSURANCE AND OTHER INSURANCE. A Residential Unit Owner who operates a home-based business in his or her Unit is also responsible for obtaining a commercial general liability policy with coverage that is customary for operations of its size and character, and the Association and its Representatives shall be named as an additional insured on such policy. The Owner of each Commercial Unit is also responsible for obtaining (i) a commercial general liability policy with coverage that is customary for operations of its size and character; (ii) worker's compensation insurance and employer's liability insurance covering all personnel employed by such Commercial Unit Owner; and (iii) during any period in which significant construction, alterations, repairs, or reconstruction are being undertaken by such Commercial Unit Owner, builder's risk insurance covering the total completed value including any "soft costs" with respect to the Improvements being constructed, altered, repaired, or reconstructed (on a completed value, non-reporting basis) by such Commercial Unit Owner, replacement cost of work performed and equipment, supplies, and materials furnished in connection with such construction or repair of improvements or equipment, together with such "soft cost" endorsements and such other endorsements as the Board may reasonably determine, and commercial general liability, workers' compensation and automobile liability insurance with respect to the services provided by the contractor and all such policies, except builder's risk, shall have limits of not less than THREE MILLION AND NO/100 DOLLARS (\$3,000,000.00) per occurrence including any combination of primary and umbrella policy limits. The Association, the Board and each of their Representatives shall be named as an additional insured on all such policies, and the Commercial Unit Owner shall, promptly upon request, provide the Board with a certificate evidencing the required coverage. The Association shall be entitled to receive at least thirty (30) calendar days prior notice before the termination or material change of any such policy. To the fullest extent permitted by law, any policy obtained pursuant to this Section must provide that the insurance company waives any right of subrogation to any right of the Persons insured by the Policy as against the Association, the Board, the Managing Agent, Developer, and the Representatives of each of the foregoing. **FAILURE OF THE BOARD TO REQUEST OR VERIFY INSURANCE DOES NOT RELIEVE THE OWNER OF THESE INSURANCE REQUIREMENTS.**

H. FIDELITY INSURANCE. To the extent reasonably available, blanket fidelity bond or crime insurance shall be required to be maintained by the Board for all Officers, Directors, managers, trustees, employees and volunteers of the Association and all other persons handling or responsible for funds held or administered by the Association, whether or not they receive compensation for their services. Where the Board has delegated some or all of the responsibility for the handling of funds to the Managing Agent, such Managing Agent shall be covered by its own fidelity insurance policy which must provide the same coverage as fidelity insurance maintained by the Board. Except for fidelity insurance that a Managing Agent obtains for its personnel, all other fidelity insurance policies shall name the Association as the insured and premiums will be a Common Expense. Fidelity insurance obtained by the Managing Agent shall name the Association as an additional insured. The total amount of fidelity coverage required shall be sufficient to satisfy the requirements set forth in Section 514B-143(a)(3)(A) of the Act. Fidelity insurance policies shall contain waivers by the insurers of all defenses based upon the exclusion of persons serving without compensation from the definition of "employees", or similar terms or expressions. The fidelity insurance policies shall provide that they cannot be canceled or substantially modified (including cancellation for non-payment of premium) without at least ten (10) business days' prior written notice to the Association, any Insurance Trustee and all Eligible Mortgage Holders.

I. SUBSTITUTE INSURANCE COVERAGE. Any insurance coverage specified in this **Article XIII** shall be subject to availability on commercially reasonable terms with reputable insurance companies authorized to do business in the State of Hawaii. Where such coverage is not available, or is not available on commercially

reasonable terms, then the Board shall substitute such other insurance coverage as is acceptable to Developer's mortgage lender, if any, or to institutional Lenders for Units in projects similar in construction, location, and use.

J. INSURANCE PRIOR TO FIRST CERTIFICATE OF OCCUPANCY. Notwithstanding anything in this Article XIII, prior to the issuance of the first Certificate of Occupancy for a Residential Unit, the insurance requirements specified in this Article XIII shall not be applicable and insurance coverage shall be maintained as Developer deems appropriate or as otherwise required by Developer's mortgage lender.

K. WAIVER OF THE RIGHT TO SUBROGATION. NOTWITHSTANDING ANYTHING PROVIDED IN THIS DECLARATION, EACH OWNER, THE ASSOCIATION, THE BOARD, DEVELOPER AND EACH OF THEIR REPRESENTATIVES, HEREBY RELEASE (FOR THEMSELVES AND, TO THE EXTENT LEGALLY POSSIBLE TO DO SO ON BEHALF OF THEIR INSURERS AND THEIR RESPECTIVE REPRESENTATIVES) EACH OTHER AND THEIR REPRESENTATIVES, FROM ANY LOSS, DAMAGE OR LIABILITY FOR ANY CLAIMS WITH RESPECT TO OR ARISING FROM PERSONAL INJURY, BODILY INJURY, DEATH AND PROPERTY DAMAGE WHICH LOSS, DAMAGE OR LIABILITY IS CAUSED BY A RISK OF THE TYPE GENERALLY COVERED BY POLICIES OF INSURANCE OF THE TYPE REFERRED TO AND REQUIRED TO BE OBTAINED PURSUANT TO THIS ARTICLE, EVEN IF DUE TO THE NEGLIGENCE OF A PARTY AND PROVIDED THAT THIS SECTION REMAINS SUBJECT TO THE BOARD'S RIGHTS UNDER SECTION 514B-143(D) OF THE ACT WITH RESPECT TO THE ASSESSMENT AND PAYMENT OF THE DEDUCTIBLE. THIS SECTION RELEASES A PARTY FROM THE CONSEQUENCES OF ITS OWN NEGLIGENCE, SUBJECT TO ANY LIABILITY UNDER SECTION 514B-143(D) OF THE ACT.

XIV. INSURED DAMAGE OR DESTRUCTION.

This Article XIV applies if all or any part of the Project is damaged or destroyed and if the damage or destruction is covered by insurance procured by the Association. If this happens, then the Association or the Insurance Trustee will use the insurance proceeds as provided in this Article XIV, Section A. In this Article XIV, "proceeds" means any money paid by an insurance company for a loss under an insurance policy paid for by the Association. Any restoration or repair of the Project shall be performed substantially in accordance with the Declaration and the original plans and specifications, or if reconstruction in accordance with said plans and specifications is not permissible under the laws then in force, in accordance with such modified plans and specifications as shall be approved by the Board and any Lender holding a Mortgage in a Unit directly affected thereby.

A. DAMAGE TO A UNIT. Excluding damage insured under Article XIII, Sections B.3.a and B.3.b, if any Residential Unit, Commercial Unit, and/or their appurtenant Limited Common Elements are damaged, the Board shall hire one (1) or more contractors to rebuild or repair such damaged areas according to their design just before the damage occurred. The repairs will include those items covered by the Policy. If the Board cannot repair such damaged areas according to their design just before the damage occurred (for example, if changes in the law prevent it) then the Association will rebuild or repair the Residential Unit, Commercial Unit and/or their appurtenant Limited Common Elements according to a new design. The new design must comply with this Declaration and with all laws then in effect. Any modified plans and specifications must first be approved by the Board, the Owner and by any Lender holding a Mortgage on that Unit. If the Commercial Unit and/or its appurtenant Limited Common Elements is damaged, the Commercial Director, at its election, may cause the same to be rebuilt in accordance with the requirements of this Declaration, in which event the Association or the Insurance Trustee shall make the proceeds of the Policy available for such purposes subject to the requirements of Article XIV, Section D.

B. DAMAGE TO GENERAL COMMON ELEMENTS. The Board shall hire one (1) or more contractors to repair or rebuild all damaged Common Elements. The Common Elements shall be rebuilt according to their design just before the damage. If the Board cannot repair such damaged areas according to their design just before the damage occurred (for example, if changes in the law prevent it) then the Association will rebuild or repair the Common Elements according to a new design. The new design must comply with all laws then in effect. Any modified plans and specifications must first be approved by the Board, as required by the Condominium Documents and any Lender having a Mortgage on any Unit that is directly affected, and is also subject to any review process set forth in the Master Declaration.

It is possible that the modified plans and specifications will not provide for rebuilding or repairing a particular Unit or its Limited Common Elements. Also, if applicable law and this Declaration allow it, the Association may decide not to rebuild or repair a particular Unit or its Limited Common Elements. In either case the Association or the Insurance Trustee will use the insurance proceeds as follows:

1. Proceeds will be applied first to pay that Unit's share of the cost of debris removal;
2. The part of the insurance proceeds allocable to that Unit and/or its Limited Common Elements will be paid to the Owner of the Unit and to any Lender having a Mortgage on that Unit, as their interests may appear.

C. SHORTFALL OF INSURANCE PROCEEDS. The Association or the Insurance Trustee will use insurance proceeds to pay any contractor hired pursuant to this **Article XIV**. Payments will be made as and when required by the construction contract and this **Article XIV**. If there are not enough insurance proceeds to pay the full cost to repair and/or rebuild the Common Elements, then the Board is expressly authorized to pay the shortfall from the applicable replacement reserve fund for the Common Elements and Limited Common Elements, as the case may be. If a replacement reserve fund is not adequate, the Board must (1) determine the amount of the remaining shortfall attributable to such reserve fund, and (2) charge a special assessment to each Unit required to contribute to such reserve fund except for Units that are not being rebuilt or repaired. Any special assessment for a Common Element reserve shortfall shall be paid by each Owner according to their Common Interest, any Residential Limited Common Element reserve shortfall shall be paid as a Residential Unit Class Expense, and any Commercial Limited Common Element reserve shortfall shall be paid as a Commercial Unit Class Expense, which shall be adjusted as set forth in **Article XIV, Section B** below where necessary to account for any Units that are not being rebuilt or repaired. The Association will also charge a special assessment to the Owner of any Unit for any costs in excess of the insurance proceeds for rebuilding or repairing such Owner's Unit and/or its appurtenant Limited Common Elements (but not including any Common Elements within any Unit).

D. DISBURSEMENT OF INSURANCE PROCEEDS. The Association or the Insurance Trustee will pay the cost of the work (as estimated by the Board) from time to time or at the direction of the Board as the work progresses. All insurance proceeds shall be applied first to rebuild, repair, and/or replace any insured damage before the payment of any legal fees by the Association or the Insurance Trustee. Notwithstanding the foregoing, the Association or the Insurance Trustee shall make the proceeds of the Policy available to Developer pursuant to the provisions of **Article XIV, Section A**. If an Insurance Trust is required, then the Insurance Trustee will make payment only if these conditions are met:

1. An architect or engineer (who may be an employee of the Board) experienced in managing this type of work must be in charge of the work.
2. Each request for payment must be given to the Insurance Trustee at least seven (7) calendar days in advance. It must include a certificate signed by the architect or engineer. The certificate must state that:
 - a. All of the work completed complies with the approved plans and specifications;
 - b. The amount requested is justly required to reimburse the Board or Developer (based on construction of the Project) for payments by the Board or Developer to, or is justly due to, the contractor, subcontractors, materialmen, laborers, engineers, architects or other Persons providing services or materials for the work (giving a brief description of those services or materials), and
 - c. When the amount requested is added to all sums previously paid by the Insurance Trustee, the total does not exceed the value of the work done as of the date of the certificate.
3. Each request must include releases of liens. The releases must:

- a. Be satisfactory to the Insurance Trustee, and
- b. Cover the work for which payment or reimbursement is being requested.

4. Each request must include a search prepared by a title company or licensed abstractor or by other evidence satisfactory to the Insurance Trustee, that nobody has recorded with respect to the Property any mechanics' or other lien or instrument for the retention of title with respect to any part of the work not discharged of record or that will not be discharged of record by payment with a recordable release of lien exchanged for such payment.

5. If the work is finished, then the request for any payment must include a copy of any certificate or certificates required by law to make it legal to occupy the Property. This includes, for example, a Certificate of Occupancy in the case of any Unit.

6. The fees and expenses of the Insurance Trustee, as agreed by the Board and the Insurance Trustee, are a Special Cost to be paid by each Owner according to their Alternative Allocation for insurance costs. The Insurance Trustee may pay these fees and expenses from any proceeds it holds from time to time.

7. The Insurance Trustee may establish any other reasonable conditions to payment if they are not inconsistent with the conditions listed in this **Article XIV, Section D**.

E. EXCESS INSURANCE PROCEEDS. "Excess proceeds" paid under an insurance policy obtained and paid for by the Association are proceeds remaining after paying the cost to rebuild or repair any damage. Any excess proceeds will be paid to the Owners in proportion to each Owner's Common Interest.

F. RELEASE OF CLAIMS. To the extent that the Association's insurance covers any loss, damage or destruction to any part of the Project, the Association and the Owners will have no claim or cause of action for that loss, damage or destruction against the Managing Agent, the Association, or any of their Representatives or against any Owner (except for any special assessment charged under **Article XIV, Section C**) or any person under any of them. To the extent that any loss, damage or destruction to the property of any Owner or anyone under the Owner is covered by insurance purchased by that Owner, the Owner will have no claim or cause of action for that loss, damage or destruction against the Association, Developer, the Managing Agent or any other Owner, or any Person under any of them, or any of their Representatives.

G. RESTORATION. In the event of an insured casualty or loss of all or any part of the Project, the Project or such portion thereof will be repaired, rebuilt and restored as provided in this **Article XIV** and except as provided herein, no vote of the Owners is required to approve the rebuilding, repairing, or restoring of the Project. Restoration of the Project with less than all of the Units after casualty or condemnation may be undertaken by the Association pursuant to an amendment to this Declaration, duly executed by or pursuant to the required vote of the Unit Owners pursuant to the Act and consented to in writing by all holders of first Mortgage liens affecting any of the Units of the Owners executing or voting for such amendment to this Declaration.

H. INSURANCE TRUST AGREEMENT. Notwithstanding any provision of this Declaration relating to property or liability insurance contained herein to the contrary, there may be named as an insured, on behalf of the Association, a bank or trust company authorized to do business in the State of Hawaii and chosen by the Board to have custody and control of the insurance proceeds (the "**Insurance Trustee**"), who may have exclusive authority to negotiate losses under any policy providing such property or liability insurance and to perform such other functions as are necessary to accomplish this purpose. The insurance policy(ies) covering the Project obtained by the Association shall provide that any insurance trust agreement will be recognized. Except to the extent inconsistent with applicable law, each Owner is deemed to appoint the Association, or any Insurance Trustee or substitute Insurance Trustee designated by the Association, as attorney-in-fact for the purposes of purchasing and maintaining such insurance, including: (1) the collection and appropriate disposition of the proceeds thereof; (2) the negotiation of losses and execution of releases of liability; and (3) the execution of all documents and the performance of all other acts necessary to accomplish such purposes.

XV. UNINSURED CASUALTY; DECISION NOT TO REPAIR.

In the event of an uninsured casualty or loss of all or any part of the Project, then the percentage of the Common Interest required to approve or disapprove the rebuilding, repairing or restoring of the Project is as follows. Unless the Association decides pursuant to **Article XV, Section A** below, not to repair, rebuild or restore, then the Project shall be repaired, rebuilt or restored as provided below.

A. DECISION NOT TO REBUILD. The Association may decide at a meeting duly held not to repair, rebuild, or restore the Improvements pursuant to the required vote of the Unit Owners pursuant to the Act and consented to in writing by all holders of first Mortgage liens affecting any of the Units of the Owners executing or voting for such amendment to this Declaration. Substantial damage or destruction to the Common Elements shall be handled in accordance with §514B-47 of the Act. The meeting must be held within ninety (90) calendar days after the damage or destruction occurs.

B. ADJUSTMENT OF COMMON INTEREST. If a Residential Unit is not rebuilt, the Common Interest and any Alternative Allocation and Residential Unit Class Interest for such Residential Unit shall be allocated to the remaining Residential Units pro rata based upon Common Interest. If a Commercial Unit is not rebuilt, the Common Interest and any Alternative Allocation and Commercial Unit Class Interest for such Commercial Unit shall be allocated to the remaining Commercial Units pro-rata based upon Common Interest.

C. REBUILDING. If the Project will be repaired, rebuilt, and restored by the Association, the uninsured costs will be allocated as follows:

1. The uninsured costs to repair, rebuild and restore the Common Elements will be assessed as a Common Expense, with the exception of the Associations deductible amount, which may be assessed pursuant to Sections 514B-143(d)(2) and (3) of the Act.

2. Each Residential Owner will be assessed the cost to repair, rebuild, and restore the Owner's Residential Unit and any appurtenant Residential Unit Limited Common Elements. In addition, all Residential Unit Owners will be assessed as a Residential Unit Class Expense the cost to repair, rebuild, and restore the Residential Limited Common Elements other than the Residential Unit Limited Common Elements.

3. Each Commercial Unit Owner will be assessed the cost to repair, rebuild, and restore the Commercial Unit Owner's Commercial Unit and any appurtenant Commercial Unit Limited Common Elements. In addition, all Commercial Unit Owners will be assessed, as a Commercial Unit Class Expense, the cost to repair, rebuild, and restore the Commercial Limited Common Elements other than the Commercial Unit Limited Common Elements.

Any restoration or repair of the Project shall be performed substantially in accordance with this Declaration and the original plans and specifications, or if reconstruction in accordance with said plans and specifications is not permissible under the laws then in force, in accordance with such modified plans and specifications as shall be approved by the Board and any Lender holding a Mortgage on a Unit directly affected thereby and by Developer during the Development Period.

D. CONDEMNATION. This Section shall apply in the event of a condemnation of the exercise of the power of eminent domain by a government or quasi government agency of all or any portion of the Project. As used in this Section, anyone having the power of eminent domain is called a "**condemning agency**".

1. **REPRESENTATION IN CONDEMNATION MATTERS.** Each Owner gives the Association a special power of attorney to represent the Owner in any proceedings, negotiations, settlements or agreements related to any actual or threatened condemnation of the Project or any part of it. The Association must pay the condemnation proceeds it receives to a bank, escrow, trust company or other fiduciary ("**Condemnation Trustee**") designated by the Board and authorized to do business in the State of Hawaii. The Condemnation Trustee will hold the condemnation proceeds on behalf of the Developer, Association, and Owners until the Developer, Association, and impacted Owners agree, if not already agreed, on the distribution of the proceeds of such actual or threatened condemnation. If the parties cannot agree, then the Condemnation

Trustee will distribute the proceeds per the property interest valuation process set forth below in **Article XV, Section D.3.e** and f herein.

2. **TAKING OF THE ENTIRE PROJECT.** If the whole Project is taken or so much of it is taken that the Association decides to terminate the condominium property regime, then the Condemnation Trustee must (i) pay to the Developer and to its Lender, if any, the Developer's share of the proceeds for the Developer's Rights and Interests required by **Article XV, Section D.3.a**, and (ii) pay to each Unit Owner and to the Owner's Lender, as based on each Unit's Common Interest, the share of the proceeds for the Owner's Unit as provided in **Article XV, Section D.2h**

3. **PARTIAL TAKING CONDEMNATION PROCEEDS; ALLOCATION.** If all or any part of the Project is condemned or is sold under threat of condemnation before the end of the Development Period, then the proceeds of the condemnation or forced sale must first be divided between the Developer and the Association or the Unit Owners in the following manner:

a. The Developer will be entitled to receive all proceeds payable for or on account of the loss of the Developer's Reserved Rights and rights to design, develop, build, add and improve the Land (collectively, "*Developer's Rights and Interests*") and any additional severance damages sought by the Developer. The Developer will, of course, be entitled to receive any part of those proceeds paid on account of any Units owned by the Developer or any land that is entitled in the Developer's name.

b. The Association will be entitled to receive just compensation for value of the portion of the Land taken.

c. The Owners will be entitled to receive just compensation for the value of any portion of their Units taken.

d. If the condemnation is litigated, the Developer, Association, and/or Owners shall receive the proceeds, in the amounts set forth in the judgment or verdict. If the judgment or verdict is silent as to the split between the Developer, Association, and/or Owners, the Condemnation Trustee shall take custody of the proceeds apportioned by the court to the lands belonging to the Developer, Association, and/or Owners.

e. In all other cases, the Condemnation Trustee must pay to the Developer a share of proceeds equal to the value of the Developer's Rights and Interests. The balance of the just compensation shall be paid to the record title owner of any property, whether Developer, Association or Owner. The Condemnation Trustee shall follow the property interest valuation process set forth in **Article XV, Section D. 2.f**.

f. The property interest valuation process shall be:

(i) a Hawaii licensed real estate appraiser will determine the value of Developer's Rights and Interests. To be qualified, the appraiser must be a member of the American Institute of Real Estate Appraisers, or of a successor organization;

(ii) if the condemnation was litigated, the appraiser used by the Developer and Association as their expert witness will provide her/his opinion as to the value of the property interests;

(iii) if the Developer and Association had different expert witnesses, then they will be appointed as appraisal arbitrators and will appoint a third neutral arbitrator who will review the Developer's appraiser's opinion and the Association's appraiser's opinion and will issue his or her opinion as to the value of the property interests of the Developer, Association, and Owners (if any);

(iv) upon receipt of the appraiser's decision, the Condemnation Trustee shall make the necessary payments to the Developer, Association and/or Owners; and

(v) the Developer and the Association will each pay half of the cost and expenses of the appraisers.

C. **LIMITATIONS ON AMENDMENTS.** Except as provided in **Article XVI, Section B** above and anything stated to the contrary in the Condominium Documents, all amendments to the Condominium Documents shall be subject to the following:

Until the end of the Developer Control Period, no amendment to the Condominium Documents affecting any of the Residential Limited Common Elements shall be effective without the approval of Developer. This restriction, during the Development Period, may not be amended without the approval of Developer.

2. Any amendment to the Condominium Documents to prohibit or materially restrict the use, operation or occupancy of, or behavior within, any Commercial Unit, Commercial Limited Common Elements or Commercial Unit Limited Common Elements shall be subject to the Commercial Director's approval, or after the expiration of the Commercial Director Consent Rights, the consent of a Majority of the Commercial Unit Class.

4. Any amendment to the Condominium Documents that would limit or interfere in any way with the use or operation of a Commercial Unit or its Limited Common Elements or with access to or from the Commercial Unit or its Limited Common Elements, shall not be effective without the prior written approval of the affected Commercial Unit Owner and the Commercial Director, or after the expiration of the Commercial Director Consent Rights, the consent of a Majority of the Commercial Unit Class.

D. AMENDMENTS BINDING. Any amendment made pursuant to the provisions of this Article shall be binding upon every Owner and every Unit whether the burdens thereon are increased or decreased, and such amendment shall be effective upon its recordation with said Bureau.

XVII. TERMINATION.

Except as provided in Section 514B-47 of the Act, the Project shall not be abandoned, terminated or removed from the condominium property regime created by this Declaration and the Act without the prior written approval of the Commercial Director and all mortgagees of record who may have an interest in the Project.

XVIII. LAND TRUSTS.

In the event title to any Unit and its appurtenant Common Interest is transferred to a trustee under a land title holding trust under which substantially all powers of management, operation and control of the Unit remain vested in the trust beneficiary or beneficiaries, the trust estate and the beneficiaries thereunder from time to time shall be liable for and shall pay all Common Expenses and all other charges, costs and expenses assessed against such Unit or the Owner thereof pursuant to the Condominium Documents or the Act. No claim for payment of Common Expenses or other charges, costs or expenses shall be made against any such trustee personally, and the trustee shall not be obligated to sequester funds or trust property to apply in whole or in part against any such lien or assessment, but the amount thereof shall constitute a lien on the Unit as provided in this Declaration, the Bylaws, and the Act, notwithstanding any transfer of beneficial interest under such trust.

XIX. COMPLIANCE BY OWNERS.

All Owners, tenants of such Owners, employees of Owners and guests, and any other persons who may in any manner use the Project or any part thereof (including Developer to the extent Developer retains an ownership interest in any Unit) are subject to the provisions of the Act and to the provisions of this Declaration, the Bylaws, and to all agreements, decisions and determinations lawfully made by the Association in accordance with the voting percentages established under the Act, this Declaration and the Bylaws. Each Owner shall comply strictly with the Bylaws and with the House Rules, and with the covenants, conditions, and restrictions set forth in this Declaration. Failure to comply with any of the same shall be grounds for an action to recover sums due, for damages or injunctive

relief or both, maintainable by the Managing Agent or Board on behalf of the Association or, in a proper case, by an aggrieved Owner.

In the event any Owner fails to comply fully with any of the foregoing within thirty (30) calendar days after written demand therefor by the Association, the Managing Agent or the Association shall have sixty (60) calendar days to give written notice of such Owner's failure to the holder, insurer, or guarantor of any Mortgage of such Unit, as shown in the Association's record of ownership or to any party who has given the Board notice of its interest through the Secretary or the Managing Agent.

XX. RESERVED RIGHT TO GRANT AND RECEIVE EASEMENTS.

Notwithstanding anything herein provided to the contrary, Developer does hereby reserve the right unto itself, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, during the Development Period, to delete, cancel, relocate, realign, reserve, designate, grant, and receive any and all easements and rights of way over, under, through, across, and upon the Project, or involving adjacent or neighboring parcels of land or adjacent or neighboring condominium projects, deemed necessary or desirable in Developer's sole discretion, or as may be required by a governmental entity or agency, including, but not limited to, easements and/or rights of way for utilities, public purpose (i.e., pedestrian walkways, sidewalks, bus stops, stairs, ramps, paths, trails, bikeways, or other passageways), any public-type facility (e.g. for mail delivery), fire lane access, sanitary and storm sewers, retention ponds, cable television, refuse disposal, driveways, and parking areas. Such reserved right also includes the right to grant the VWP Easement depicted on the Condominium Map to the Victoria Ward Park owner and any public sidewalk easements on the Project and to transfer such easements rights to a government agency, grant it to the Master Association or dedicate it to the public. Such right also includes easements for operation, upkeep, care and maintenance, or repair of any Unit or any Limited Common Element or to complete any Improvements and correct construction defects or other punchlist items in the Common Elements or Units, or to exercise any of the Developer's Reserved Rights, and other similar purposes; provided that such easements and/or rights of way shall not materially and adversely impact any existing structure of the Project, and shall not be exercised so as to unreasonably disturb, impair, or interfere with the normal use and enjoyment of the Project by the Owners. Any easement granted and/or received by Developer pursuant to the exercise of this reserved right shall not be amended, modified, or terminated by the Association without the consent of Developer. As a part of its reserved right, the Developer shall have the right to negotiate and agree to the terms with respect to such easements and rights of way as Developer deems appropriate in its sole discretion, and define any easement right received pursuant to this Section as a General Common Element, Residential Limited Common Element or Commercial Limited Common Element. In the event that Developer assigns to the Association any rights it acquires, whether the same constitute easement rights or otherwise, the Association shall assume such rights.

XXI. RESERVED RIGHT TO ALTER, SUBDIVIDE AND CONSOLIDATE UNITS AND/OR CONSTRUCT IMPROVEMENTS WITHIN SAID UNITS AND THEIR APPURTENANT LIMITED COMMON ELEMENTS.

Notwithstanding anything provided to the contrary, and except as otherwise provided by law, during the Development Period and without joinder or consent of any Person, the Board, or any Owners or their mortgagees:

A. Developer shall have the reserved right to: (1) alter the floor plan of any Unit which it owns at any time, and in any manner Developer deems appropriate, in its absolute discretion, provided that the Common Interest appurtenant to the Unit shall not change; (2) cause the subdivision of any Units which it owns at any time to create two or more Units; (3) cause the consolidation of any Units which it owns to reduce the number of Unit at any time; (4) convert certain portions of any existing Unit which it owns to Common Element or Limited Common Element or a part of another adjoining Unit to facilitate any subdivision or consolidation; and (5) recalculate the Common Interest appurtenant to each resulting Unit upon such subdivision and/or consolidation; provided that the total Common Interest appurtenant to the resulting Unit(s) shall equal the Common Interest appurtenant to the original Unit(s). The subdivision or consolidation of Units by Developer or any other Owner shall not affect the number of Commercial and Residential Directors on the Board.

B. If Developer is the Owner of any two or more Units separated by a party wall, floor, or ceiling, Developer shall have the right to consolidate two or more Units that are so separated, to later subdivide such Units once consolidated, and to alter, remove or restore all or portions of the intervening wall, floor, or ceiling at Developer's expense, provided that: (1) the structural integrity of the Project is not thereby affected, (2) the finish of any Common Element(s) or Limited Common Element(s) then remaining is restored to a condition substantially compatible with that of the corresponding Common Element(s) or Limited Common Element(s) prior to such alteration, and (3) all construction activity necessary to any such alteration or removal shall be completed within a reasonable period of time after the commencement thereof, subject to delays beyond the reasonable control of Developer or its contractors, whether caused by strikes, the unavailability of construction materials or otherwise, in which case any such construction activity shall be completed in such additional time as may be reasonably necessary in the exercise of due diligence.

C. Developer, in the process of consolidating Units, shall have the right to convert that area between Units to a Unit (as opposed to the same remaining a Limited Common Element) for so long as such Units shall remain consolidated or shall continue to be commonly used or owned.

Any such alteration, subdivision or consolidation of Unit(s) as provided above shall be effective provided that:

1. Developer records or cause to be recorded in said Bureau an amendment to this Declaration depicting the Unit(s) in question and setting forth at least: (a) a description of the newly-formed Unit(s); (b) in the case of the consolidation of Units by Developer, although the Units may still be considered and treated as two Units, the Common Interest appurtenant to the newly-formed consolidated Unit(s), which shall be calculated by adding together the Common Interests for the Units to be consolidated; or (c) in the case of the subdivision of a Unit by Developer, the Common Interest appurtenant to each of the newly-formed Units, which shall in the aggregate equal the total of the Common Interest appurtenant to the original Unit.

2. Developer records or cause to be recorded in said Bureau an amendment to the Condominium Map for the Unit(s) being altered and/or expanded, subdivided or consolidated to show an amended floor plan, if necessary, together with a verified statement of registered architect or professional engineer, in the manner required by Section 514B-34 of the Act, that said Condominium Map, as so amended, is an accurate copy of portions of the plans of the altered and/or expanded Unit(s) as recorded with and approved by the County officer having jurisdiction over the issuance of permits for the completion of buildings, and that the plans fully and accurately depict the layout, location, Unit number(s), and dimensions of the Unit(s) substantially as built; and

3. Any such alteration shall comply in all respects with all applicable governmental codes, statutes, ordinances and rules and regulations, or with all variances granted therefrom.

Developer expressly reserves the right to amend the Declaration and Condominium Map to effect any subdivision or consolidation of Units or alterations to floor plans at any time or times during the Development Period, and Developer may, without being required to obtain the consent or joinder of any Owner, lienholder or other persons, execute and record amendments to this Declaration and Condominium Map and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the rights, powers or privileges herein reserved to Developer. To the extent permitted by applicable law, this Article shall not be amended without the prior written consent of Developer.

XXII. RESERVED RIGHTS REGARDING TELECOMMUNICATIONS EQUIPMENT AND TO RECEIVE REVENUE THEREFROM.

During the Development Period, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to install or cause the installation of Telecommunications Equipment upon the Common Elements, at its sole cost and expense, and upon such installation the same shall become a Limited Common Element appurtenant to a Unit designated by Developer, unless otherwise designated by Developer. The installation of Telecommunications Equipment pursuant to this Article shall not be deemed to alter, impair, or diminish the Common Interest, Common Elements and easements appurtenant to the Units, or be a structural alteration or addition to the Tower constituting a material change, or necessitate an amendment to the Condominium Map. All expenses directly attributable to the Telecommunications Equipment shall be distributed or charged as a Common Expense, or directly to the Unit to which the Telecommunications Equipment is appurtenant. In connection with Developer's reserved right described in this Article, Developer shall further have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to enter into any agreements, including, but not limited to, a bulk service agreement, or an exclusive marketing agreement, to sell and market certain telecommunications services to Unit Owners in the Project, and to grant easements for such purpose, all upon such terms and conditions as Developer may determine in its discretion. In the event the Developer receives any rebate or reimbursement for the cost of installation of the Telecommunications Equipment, the Developer shall be entitled to keep any such rebate or reimbursement. Developer may assign any and all of its rights under this Article to the Association or to any other Person of Developer's choice.

XXIII. RESERVED RIGHT TO NOT DEVELOP AND/OR CONSTRUCT ALL OF THE RECREATIONAL AMENITIES AND TO MODIFY, RELOCATE, RECONFIGURE AND REMOVE RECREATIONAL AMENITIES.

During the Development Period, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, not to construct, and/or not to construct at the same time, all of the Recreational Amenities in the Project, as depicted on the Condominium Map, and to modify, relocate, reconfigure, and remove all or certain Recreational Amenities and/or change the type of Recreational Amenities provided. Nothing in this Declaration shall be construed as a representation or warranty by Developer that the Recreational Amenities or any portion thereof, will be developed or built or that the Recreational Amenities and/or the types of Recreational Amenities offered will not change and/or that the other portions of the Residential Limited Common Elements will be built or completed prior to, concurrently with, or soon after any or all of the Residential Units are conveyed to third parties.

XXIV. RESERVED RIGHT TO INSTALL DEVELOPER'S SIGNAGE.

Notwithstanding anything herein provided to the contrary, during the Development Period, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, for the benefit of the Project, to install, maintain, repair, replace, and approve of (from time to time) directional signage, identity signage, and canopy signage, and other signage within the Residential Limited Common Elements of the Project; subject to any zoning or signage laws or other governmental requirements. Developer's approval rights shall not extend to any signage installed by the Association within the interior of the Residential Limited Common Elements in the Parking Structure or within the interior of the Residential Limited Common Elements that are not in public view from the street. With respect to all aspects of the signage, including, without limitation, the method of affixing the signage and extension of electrical service thereto, if applicable, such signage shall comply with the Project Quality Standard. The Board shall be responsible for lighting, installation, maintenance, and replacement of any signage installed by the Developer and the Association, as well as costs to repair any damage to the Project proximately caused by such installation, maintenance, and replacement of any signage and the costs thereof as a Residential Unit Class Expense. Developer may assign in writing all or any portion of the duties under this Section to the Commercial Director, who may establish and administer any sign criteria for signage installed in the Residential Limited Common Elements and shall assume all duties of Developer relating to signage including, without limitation, approval thereof.

XXV. RESERVED RIGHT TO MODIFY PROJECT AND TO AMEND CONDOMINIUM DOCUMENTS.

During the Development Period, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to effect such modifications to Units and Common Elements in the Project and/or to execute, record and deliver any amendments to the Condominium Documents promulgated hereunder, as may be necessary or appropriate to effect compliance by the Project, the Association or by Developer, with laws which apply to the Project, including, but not limited to, the FHA and ADA, and any rules and regulations promulgated thereunder, or as may be required by the Commission, or any title insurance company issuing title insurance on the Project or any of the Units, by any institutional Lender lending funds secured by the Project, or any of the Units, including, without limitation, Fannie Mae, Freddie Mac and the U.S. Department of Veteran's Affairs, or by any local, state or federal governmental agency.

XXVI. RESERVED RIGHT TO CONVERT LIMITED COMMON ELEMENTS TO UNITS.

Notwithstanding anything provided to the contrary, and except as otherwise provided by law during the Development Period and without joinder or consent of any Person, the Board, or any Owners or their mortgagees:

A. Developer shall have the reserved right to convert a Unit Limited Common Element appurtenant to such Unit or Units owned by Developer or Developer's successors, assigns or affiliates, or any portion thereof, into a separate Unit in the Project, or to the area of an adjoining Unit owned by Developer. In such event, Developer shall have the right, without obtaining the approval of any party with an interest in the Project, including any other Owner and/or mortgagee, to alter the physical aspects of the Unit Limited Common Element and Unit(s) at Developer's expense in connection with such conversion, including building such structures as may be necessary or appropriate, provided that: (1) the structural integrity of the Project is not thereby affected, (2) the finish of the Unit is consistent with the quality of other Units in the Project and any remaining portion of the Unit Limited Common Element not converted to a Unit, if any, is restored, to the extent feasible, to a condition substantially compatible with that of the Unit Limited Common Element prior to such conversion, and (3) all construction activity necessary to any such conversion shall be completed within a reasonable period of time after the commencement thereof, subject to delays beyond the control of Developer or its contractors, whether caused by strikes, the unavailability of construction materials or otherwise, in which case any such construction activity shall be completed in such additional time as may be reasonably necessary in the exercise of due diligence.

B. Developer shall have the reserved right to designate certain Unit Limited Common Elements of the Project as Unit Limited Common Elements appurtenant to the newly-created Unit; provided that there is no material adverse effect on the remainder of the Project.

Any such conversion of a Unit Limited Common Element into a Unit or Units as provided above shall be effective provided that:

1. Developer shall record or cause to be recorded an amendment to this Declaration describing the Unit(s) in question and setting forth at least: (a) a description of the newly-formed Unit(s), and (b) the Common Interest appurtenant to the newly-formed Units and existing Units, which shall be calculated and/or recalculated by dividing the approximate net living area of each individual Unit by the total net living area of all Units within the Project, including any newly-formed Units. Developer may adjust the Common Interest to assure that the total of all Common Interests equals one hundred percent (100%). If Developer increases the area of an existing Unit by connecting a portion of the Unit Limited Common Element to the Unit, and if an additional Unit is not created, then the Common Interest percentage allocated to the Unit shall remain unchanged.

2. Developer shall record or cause to be recorded an amendment to the Condominium Map to show the floor plans and elevations for the newly-created Unit, as necessary, together with a verified statement of registered architect or professional engineer, in the manner required by Section 514B-34 of the Act, that said Condominium Map, as so amended, contains an accurate copy of portions of the plans of the newly-created Unit(s) as recorded with and approved by the County officer having jurisdiction over the issuance of permits for the construction of buildings, and that the plans fully and accurately depict the layout, location, Unit number(s), and dimensions of the Unit(s) substantially as built; and

3. Any such alteration associated with such conversion shall comply in all respects with all applicable governmental codes, statutes, ordinances and rules and regulations.

The right to amend the Declaration and Condominium Map to effect the conversion of any Unit Limited Common Element into a Unit and the alterations to floor plans may occur at any time during the Development Period, and Developer may, without being required to obtain the consent or joinder of any Owner, lien holder or other persons, execute, deliver and record amendments to the Declaration and Condominium Map and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the foregoing rights, powers or privileges. To the extent permitted by applicable law, this Section shall not be amended without the prior written consent of Developer.

XXVII. RESERVED RIGHT TO RECHARACTERIZE AND REDESIGNATE LIMITED COMMON ELEMENTS.

During the Development Period, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to amend this Declaration to (a) recharacterize all or a portion of certain Unit Limited Common Elements as may be appurtenant to a Unit or Units owned by Developer or Residential or Commercial Limited Common Elements, if all Residential Units and Commercial Units, respectively, are owned by Developer, as being General Common Elements of the Project, thus giving up or waiving the exclusive use of such area or areas; and/or (b) redesignate all or a portion of certain Unit Limited Common Elements as may be appurtenant to any Unit owned by Developer or Developer's successors, assigns or Developer Affiliate, to another Unit or Units owned by Developer, or as Residential Limited Common Elements or Commercial Limited Common Elements, as applicable; and/or (c) redesignate a portion of the Residential Limited Common Elements and/or Commercial Limited Common Elements, if all Residential and Commercial Units, respectively, are owned by Developer, as Unit Limited Common Elements appurtenant to a Unit or Units owned by Developer; and/or (d) redesignate all or a portion of the Commercial Limited Common Elements, if the Commercial Units are owned by Developer, as being Residential Limited Common Elements appurtenant to Residential Units owned by Developer, or redesignate all or a portion of the Residential Limited Common Elements, if the Residential Units are owned by Developer, as being Commercial Limited Common Elements appurtenant to Commercial Units owned by Developer. Upon recharacterization of any Limited Common Element to a General Common Element of the Project, the Association shall be required to maintain such areas at its expense for the benefit of all Owners, and the cost of maintaining such areas shall be assessed to all Owners as a Common Expense.

The right to amend the Declaration to effect such recharacterization or redesignation of any such Limited Common Elements shall occur at any time or times during the Development Period, and Developer may, without being required to obtain the consent or joinder of any Owner, lienholder or other persons, execute, deliver and record any deed and/or amendments to this Declaration or to the Condominium Map, and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the foregoing rights, powers or privileges.

XXVIII. RESERVED RIGHTS REGARDING COUNTY AND HCDA PERMITS AND DEVELOPMENT AGREEMENTS; HART CONDEMNATION.

Developer shall have the reserved right, until the end of the Development Period, to (a) perform road-widening activities to fulfill a County road-widening requirement, if any; (b) amend the Condominium Documents, including, but not limited to, this Declaration, to satisfy all County permits and/or HCDA Agreements and accommodate the Honolulu Authority for Rapid Transportation ("**HART**") rail condemnation; (c) enter into any agreements, including, but not limited to, declaring and subjecting the Land and Improvements to restrictive covenants; (d) designate and grant access or utility easements; (e) secure any other governmental permits and approvals or amend or supplement any existing government permits, approvals or agreements; (f) revise the budget and Common Expenses, and implement fees; (g) do all things necessary and convenient, to satisfy the requirements of any land use or other permits pertaining to the Project issued by the County, or to comply with any agreements with or covenants imposed by HCDA, as the same may be amended, or modified, and to execute, record and deliver any and all documents necessary to effect the same, including, but not limited to, any necessary amendments to this Declaration and to the Condominium Map.

The government and certain other agencies have authority to condemn properties in the State. Particularly in Kaka'ako, HART, a semi-autonomous local government agency established in 2011 by a charter amendment to plan, design, construct and operate and maintain Honolulu's high-capacity, fixed guided rapid transit system, has the

authority to condemn lands in Ward Village for the rapid transit system lines and stations. The Developer has long anticipated this threat for condemnation and had to accordingly incorporated the rail transit project into the master Ward Village development plans and various condominium project developments through its efficient and strategic design, project budgeting and pricing, and reserves for numerous condemnation court hearings. Although as of the date of this Declaration the Developer has not actually received an indication that HART will take any portion of the Land, if all or any portion of the Project is "taken" or sold under the threat of condemnation by HART before the end of the Development Period, the Developer shall have the reserved right to and until the end of the Development Period to receive (subject to the terms of any mortgage encumbering Developer's interest in the Project) all the proceeds payable for or on the account of the condemnation of any portion of the Land; provided, however, the use and application of any such proceeds will be governed by the terms of any mortgage encumbering developer's interest in the Project (including any Mortgage covering Units owned by the Developer). Every Owner of a Unit in the Project and all holders of liens affecting any of the Units (other than the holder of a mortgage encumbering developer's interest in the Project (including any Mortgage covering Units owned by the Developer)) and each and every other party acquiring an interest in the Project, or any part thereof, by acquiring such Unit, lien, or other interest, appoints Developer and its assigns his or her attorney-in-fact with full power of substitution to execute, deliver, and record such documents and instruments and to collect any proceeds and do such things on his behalf, which grant of such power, being coupled with an interest, is irrevocable for the term of said reserved rights, and shall not be affected by the disability of such party or parties; which grant of such power shall be binding upon any assign of, or successor-in-interest upon any transfer of any Unit or any interest therein, whether by deed, Mortgage, or any other instrument of conveyance. For the avoidance of doubt, nothing in this Section shall limit or affect in any way the rights of the mortgagee holding a mortgage encumbering the Developer's interest in the Project (including, any Mortgage covering Units owned by the Developer) with respect to any condemnation proceeds.

XXIX. RESERVED RIGHT TO CONVEY PROPERTY TO THE ASSOCIATION.

Developer shall have the reserved right during the Development Period, but not the obligation, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to convey to the Association, and the Association shall accept, title to any property owned by Developer or Developer's successors, assigns or Developer Affiliates, together with the responsibility to perform any and all duties associated therewith. Such right shall include the Developer's right to assign its interest in any easements, including the VWP Easement to the Association. Upon conveyance, dedication or assignment of such property to the Association, the Association shall maintain such property at its expense for the benefit of the Owners, and the cost of maintaining such areas, including any maintenance fees associated with such areas, shall be assessed to all Owners as a Common Expense. Any property or interest in property transferred to the Association by Developer shall be by way of quitclaim deed or assignment, as appropriate, "AS IS" and "where is". Developer shall have the further right to redesignate Limited Common Elements appurtenant to Units owned by Developer or Developer's successors, assigns, or Developer Affiliate as Limited Common Elements appurtenant to Units owned by the Association, if any, and to the extent necessary or required, to amend this Declaration and the Condominium Map to affect the same.

Notwithstanding the foregoing, the conveyance of any such property to the Association may be subject to the terms and conditions of any license, lease or other agreement made by and between Developer, as owner of such property, and any third party to utilize, manage, operate or otherwise deal with the property and/or the Limited Common Elements appurtenant thereto; provided, that the Association shall not be liable for any obligations of Developer under any such agreement(s) arising prior to such conveyance to the Association. The Association shall accept and assume such title, rights and obligations, and shall indemnify, defend and hold Developer harmless from any loss incurred by Developer as a result of any claim made against Developer pursuant to any agreement with a third party arising after such conveyance.

XXX. RESERVED RIGHT TO CONDUCT SALES ACTIVITIES.

During the Development Period, Developer reserves the right unto itself, its brokers, sales agents, and other related Persons, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to access and conduct extensive sales activities at the Project, including the use of any Unit owned by Developer or its successors, assigns, or Developer Affiliates and its appurtenant Unit Limited Common Elements and use of the Residential Limited Common Elements, for instance, for hosting of receptions on the Amenity Deck and use of the Recreational Amenities for such activities, and use of the Commercial Limited Common Elements for model Units,

sales, leasing, management, and construction offices, parking and extensive sales displays and activities, the posting and maintenance of signs and other advertisements relating to such sales activities, and to install, maintain, locate, relocate, and reconfigure such structures, displays, advertising signs, billboards, flags, sales desks, kiosks, sales, leasing, management and/or construction offices, interior design and decorator centers, and parking areas for employees, agents, and prospective buyers, as may be necessary or convenient for the proper development and disposition of Units by sale, resale, lease, or otherwise, and the right, but not the obligation, to provide ongoing maintenance, operation, service, construction, and repairs to individual Units in the Project and for other projects in Ward Village. In the event that Developer is unable to sell all of the Units within the Development Period, Developer shall have the right to conduct sales activities on the Project until the closing of the sale of the last unsold Residential Unit of the Project; provided that such sales are conducted in an unobtrusive manner which will not unreasonably interfere with the use, possession and aesthetic enjoyment of the Project by the Owners. Such sales activities may include the initial sale and resale of Units. In the event that Developer's mortgage lender, if any, or any successor to or assignee of Developer's mortgage lender shall acquire any portion of the Project in the course of any foreclosure or other legal proceeding or in the exercise of the Mortgage remedies or by a deed or an assignment in lieu of foreclosure, such Mortgage Lender, its successor and assigns, shall have the right to conduct such extensive sales activities on the Project until at least ninety-five percent (95%) of all of the Units in the Project have been sold and Unit Deeds therefor recorded, notwithstanding the foregoing. Each and every party acquiring an interest in the Project, by such acquisition, acknowledges that the sales activities may result in noise and nuisances, and consents to such activity by Developer, and further waives, releases and discharges any rights, claims, or actions such party may acquire against Developer, its brokers, sales agents, employees, and Lenders, and their respective successors and assigns, as a result of any such activity or activities. The Master Declarant has reserved rights to perform sales activities as described in **Article II, Section J** and as set forth in the Master Declaration.

XXXI. RESERVED RIGHT TO CONSOLIDATE, SUBDIVIDE AND WITHDRAW LAND.

Developer shall have the reserved right during the Development Period, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to (i) consolidate the Land with another parcel(s) of land to create a Consolidated Lot, (ii) subdivide the Land to create separate parcels of Subdivided Lots, and/or (iii) withdraw certain Subdivided Lots from the operation of this Declaration, and convey or cause the conveyance of said withdrawn Subdivided Lots to itself, Landowner, or to a third party, as it deems appropriate. This right to subdivide and withdraw shall include, without limitation, the right to subdivide and withdraw from this Project certain portions of the Land, as depicted on the Condominium Map.

In connection with the right to consolidate, Developer shall have the further reserved right to enter and go upon the Land to do all things necessary, proper, or convenient to effectuate such consolidation of the Land, including, without limitation, the following: (i) making surveys to undertake a reasonable realignment of boundaries of the Land to define said Consolidated Lot (it being understood that Developer shall have the reserved right to effect any such realignment), (ii) filing and recording the necessary consolidation map and related documentation, (iii) facilitating the granting, reserving, adding, deleting, receiving, realigning, and/or relocating of easements and/or rights of ways for utilities, cesspools, sanitary and storm sewers, cable television, telecommunication systems, refuse disposal, driveways, parking areas, roadways, and pedestrian access and (iv) and granting or receiving all other required easements and/or rights of way. Said consolidation shall be subject to, and Developer shall, at its own expense, comply with, all of the then-applicable governmental laws, rules, and regulations.

In connection with the right to subdivide, Developer shall have the further reserved right to enter and go upon the Land to do all things necessary, proper, or convenient to effectuate such subdivision of the Land and withdrawal and conveyance of certain Subdivided Lots, including, without limitation, the following: (i) making surveys to undertake a reasonable realignment of boundaries of the Land to define said Subdivided Lots (it being understood that Developer shall have the reserved right to effect any such realignment), (ii) filing and recording the necessary subdivision map and related documentation, (iii) facilitating the granting, reserving, adding, deleting, receiving, realigning, and/or relocating of easements and/or rights of ways for utilities, cesspools, sanitary and storm sewers, cable television, telecommunication systems, refuse disposal, driveways, parking areas, roadways, and pedestrian access, and granting or receiving all other required easements and/or rights of way; and provided further that Developer specifically reserves the right, whether or not in connection with its right to subdivide, withdraw, and convey hereunder, to grant easements for access, driveway, and parking purposes over the Project in favor of the withdrawn portion(s) of the Land. With regard to the Subdivided Lot(s) being withdrawn, such withdrawn portion(s)

shall not have been improved with any of the Units or the Recreational Amenities or other Improvements described in this Declaration or shown on the Condominium Map. Said subdivision, withdrawal, and conveyance shall be subject to, and Developer shall, at its own expense, comply with, all of the then-applicable governmental laws, rules, and regulations, including subdivision requirements.

In connection with the exercise of its rights reserved unto it hereunder, Developer hereby further reserves the right, at its expense, to: (i) grant, reserve, add, delete, receive, realign, and/or relocate over, across, and under the Project, as appropriate, easements and/or rights of ways for utilities, including, without limitation, cesspools, sanitary and storm sewers, cable television, telecommunications systems, refuse disposal, access, shared driveways, parking areas, roadways, and walkways; (ii) enter into and execute any license and/or agreements, as appropriate, to facilitate the use of any areas located outside the Project that will be used to benefit Owners or of areas within the Project to be used by third parties; and (iii) negotiate, execute, and accept any licenses, easements, or rights of way over adjacent properties which may benefit or support the Project.

Upon the exercise of said reserved rights, Developer shall, at Developer's expense and without being required to obtain the consent or joinder of any Owner or lienholder, execute and record in said Bureau, the subdivision map and, to the extent deemed necessary or approved by Developer, for designation of easements and an amendment to the Declaration and the Condominium Map: (i) describing the withdrawn land and any Improvements thereon; (ii) describing the realigned boundaries of the Land upon which the Units then constituting the Project are located; and (iii) where applicable and appropriate, grants, reserves or relocates easements over, under, and on the Common Elements, as permitted above. The filing of the amendment to this Declaration and the Condominium Map shall effectuate the withdrawal, without any further consent or joinder of any party. Developer shall have the right, as grantor, to execute, deliver, and record a deed of any subdivided and withdrawn area upon filing of the amendments aforesaid.

The exercise by Developer of the right to consolidate, and/or subdivide, withdraw and convey as provided in this Section, shall not in any way limit or be deemed to limit Developer's full use of areas remaining in the Project pursuant to any of the rights reserved to it in this Declaration.

XXXII. RESERVED RIGHT TO LEASE OR TRANSFER COMMERCIAL UNITS AND/OR APPURTENANT LIMITED COMMON ELEMENTS.

During the Development Period, Developer, its successors and assigns, as the Owner of the Commercial Unit, shall have the reserved right, but not the obligation, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to lease or transfer ownership of the Commercial Unit owned by Developer to the Association, Landowner or to a third party, and to redesignate the Commercial Unit Limited Common Elements appurtenant to such Commercial Unit to a Unit owned by the Association or a third party, and redesignate Commercial Limited Common Elements as Common Elements or Residential Limited Common Elements, and to the extent necessary or required, to amend this Declaration and Condominium Map to effect the same. Upon transfer to the Association, the Association shall accept ownership of such Commercial Unit together with any appurtenant Limited Common Element(s) "AS IS" by way of a quitclaim deed. In the event the Commercial Unit is transferred or leased to the Association or a third-party, at such time, the Association or such third-party shall assume the cost of maintenance of all such Limited Common Element areas and the Common Expense in proportion to the percentage common interest set forth in Exhibit "B" attached hereto attributable to such Commercial Unit. Developer may require, in its reasonable discretion, that such transferee or lessee, as the case may be, enter into an administrative and/or management agreement with Developer allowing Developer to maintain the rights to retain administrative and management control over such areas, unless such right is otherwise delegated to the Association or such third-party buyer at the time of such transfer.

In the event the Commercial Unit is transferred or leased to the Association, Landowner, or to a third-party and the Association, Landowner, or such third-party thereafter, but prior to the expiration of the Development Period, desires to offer such Commercial Unit for sale or lease, Developer shall be given the first right of refusal to reacquire or to lease such Commercial Unit under the same terms and conditions (including financing terms) as may be offered to or by such bona fide third-party. Accordingly, the Association or such third party Owner desiring to sell or lease the Commercial Unit must first notify Developer in writing of its intent to list, sell, or lease the Commercial Unit. The Association's, Landowner's, or such third-party Owner's written notice to Developer must include the proposed

listing, offer price or rental rate and general terms of the proposed listing, sale, or lease. Upon receipt of such written notice, Developer shall have fifteen (15) calendar days within which to notify the Association or such third-party Owner in writing as to whether Developer elects to exercise its right of first refusal set forth herein. If Developer elects to exercise its right of first refusal, closing shall occur no later than sixty (60) calendar days after Developer notifies the Association, Landowner, or such third-party Owner in writing (within such fifteen (15) calendar day period) of its decision to purchase the Commercial Unit. If Developer elects not to exercise its right of first refusal or fails to notify the Association, Landowner, or such third-party Owner in writing of Developer's election to exercise its right of first refusal within such fifteen (15) calendar day period, the Association, Landowner, or such third party Owner shall be entitled, for a period of seven (7) months thereafter, to list the Commercial Unit with a real estate broker or sell the Commercial Unit to a third-party for a price equal to or greater than the price offered to Developer without further notice to Developer.

The right to convey such Commercial Unit to the Association and for the Association to accept ownership thereof and/or to redesignate Unit Limited Common Elements or Commercial Limited Common Elements appurtenant thereto to a Unit owned by the Association or to Residential Limited Common Element or Common Element, and, to the extent necessary, to amend this Declaration to effect the same, shall occur during the Development Period. Developer, as the Owner of the Commercial Unit, has the right for the duration of its ownership to convey the Commercial Unit to third parties, which right shall continue notwithstanding the expiration of the Development Period. Developer may, without being required to obtain the consent or joinder of any Owner, lienholder or other Persons, execute, deliver and record any deed and/or amendments to this Declaration and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the foregoing rights, powers or privileges.

XXXIII.RESERVED RIGHT TO ALTER THE NUMBER OF FLOORS AND/OR UNITS IN THE PROJECT.

During the Development Period, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to reduce or increase the number of floors and/or Units in the Project notwithstanding anything provided to the contrary, and except as otherwise provided by law. Any such alteration to the number of floors and/or Units and/or floors in the Project shall be effective provided that:

A. Developer shall record or cause to be recorded an amendment to this Declaration describing (a) the revised description of Units and/or floors that comprise the Project; and (b) the undivided percentage Common Interest appurtenant to the Units as a result of the reduction or increase in the total number of floors and/or Units. The Common Interest appurtenant to each Unit shall be calculated by dividing the Unit's net living area by the net living area of all Units in the Project; provided, however, that Developer shall have the right, in its sole and absolute discretion, to round the result of such calculations so that the sum of the percentages equals exactly one hundred percent (100%);

B. Developer shall record or cause to be recorded an amendment to the Condominium Map to reflect the revised layout incorporating the change in the number of Units and/or floors, together with a verified statement of registered architect or professional engineer, in the manner required by Section 514B-34 of the Act, certifying that said Condominium Map, as so amended, is an accurate copy of portions of the plans of the altered Unit(s) as filed with the County officer having jurisdiction over the issuance of permits for the completion of buildings; and

C. Any such alteration shall comply in all respects with all applicable governmental codes, statutes, ordinances and rules and regulations, or with all variances granted therefrom.

Developer expressly reserves the right to amend the Declaration and Condominium Map to effect any increase or decrease in the number of floors and/or Units or alterations to the floor plans at any time or times during the Development Period, and Developer may, without being required to obtain the consent or joinder of any Owner, lienholder or other Persons, execute and record amendments to the Declaration and Condominium Map and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the rights, powers or privileges herein reserved to Developer.

XXXIV.RESERVED RIGHT TO GRANT EASEMENTS AND TO DEDICATE LIMITED COMMON ELEMENTS TO THE PUBLIC OR MASTER ASSOCIATION.

During the Development Period, to the extent set forth in the Master Declaration, Developer shall have the reserved right, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to grant easements through the Common Elements, including the Residential Limited Common Elements and the Commercial Limited Common Elements, located on Level 1 of the Project, for public access and use purposes or the purposes set forth in the Master Declaration, including, without limitation, easements to access certain areas of the Project and easements for use of certain areas of the Project by the public or the Master Association, for recreational use, use for park space, sidewalks, or pedestrian and/or bicycle access or other purposes. Such areas or portions thereof may also be dedicated to the public or dedicated for use by the public pursuant to the Master Declaration. If dedicated to the Master Association, the Master Association shall maintain the easement and use areas and shall be responsible for any costs associated with the use, maintenance, and upkeep of such areas pursuant to the Master Declaration. Developer may, without being required to obtain the consent or joinder of any Owner, lienholder or other Persons, execute, deliver and record any deed and/or amendments to this Declaration and any and all other instruments necessary or appropriate for the purpose of carrying out the provisions or exercising the foregoing rights, powers or privileges.

XXXV. RESERVED RIGHTS REGARDING THE ESTABLISHMENT OF PUBLIC FINANCING DISTRICTS FOR WARD VILLAGE.

During the Development Period, Developer shall have the reserved right, but not the obligation, without the joinder or consent of any Person, the Board, or any Owners or their mortgagees, to establish a community facilities district(s) ("*CFD*") pursuant to Chapter 34 of the Revised Ordinances of Honolulu and Hawaii Revised Statutes §46-80.1 to finance the cost of certain infrastructure for Ward Village ("*CFD Improvements*"). In the event that a CFD is established for Ward Village, an annual special tax ("*Special Tax*") may be levied on Owners of Units in the Project to finance infrastructure that supports the community within Ward Village, which may also include debt service costs on any bonds issued by the County to finance such infrastructure, up to and until such financing or debt service costs are completely repaid. The initial Special Tax shall be limited to not more than 0.2% of the first Unit Owner's Total Purchase Price and may be levied on each Owner's annual real property tax bill as an additional amount owed. The Special Tax will be levied upon all future Unit Owners and is subject to up to 2.0% annual increases. The County has the authority to lien property that is part of the CFD for nonpayment of the Special Tax, similar to real property taxes. By signing and accepting this Agreement, Purchaser acknowledges and accepts that the Project is or prior to Closing may become part of a CFD and may become subject to payment of the Special Tax.

During the Development Period, Developer further reserves the right, but not the obligation, without joinder or consent of any Person, the Board, or any Owners or their mortgagees, to establish any other type of financing district(s) available to Developer to finance the cost of certain infrastructure projects in Ward Village.

Developer further reserves the right to do all things necessary or convenient to establish a CFD and/or other financing district, which shall include, without limitation, the ability to (a) enter into agreements with any governmental agency, including the County, or third party to implement redevelopment plans or community development plans, as the case may be, (b) comply with said agreements or any covenants imposed by the County, as the same may be amended or modified, and (c) execute, record, and deliver any and all documents necessary to effect the same, including, but not limited to, any necessary amendments to this Declaration and to the Condominium Map.

XXXVI.RESERVED RIGHT TO AMEND THE CONDOMINIUM DOCUMENTS TO REMOVE REFERENCES TO LANDOWNER.

Developer shall have the reserved right, to and until the end of the Development Period, to amend this Declaration, the Bylaws, the House Rules, the Condominium Map, and any other applicable Condominium Documents to remove any references to Landowner as the fee simple owner of the Land upon Developer's acquisition of the Land and to record all documents necessary to effect the same in said Bureau without being required to obtain the consent or joinder of Landowner and/or any Owner, lienholder, or other Person.

XXXVII. ASSIGNMENT OF RESERVED RIGHTS.

During the Development Period, notwithstanding anything stated herein to the contrary, the rights reserved to Developer in this Declaration shall be fully and freely assignable by Developer in whole or in part. Any assignment of the rights reserved to Developer shall be in writing, executed by both Developer and the assignee of Developer's

rights, and shall be recorded in said Bureau. Every Owner of a Unit in the Project and all holders of liens affecting any of the Units and each and every other party acquiring an interest in the Project, or any part thereof, by acquiring such Unit, lien, or other interest, consents to any such assignment by Developer, and, to the extent designated by Developer, agrees to recognize any assignee as the "Developer" under this Declaration; agrees to execute, deliver, and record such documents and instruments and do such other things as may be necessary or convenient to effect the same; and appoints Developer and its assigns his or her attorney-in-fact with full power of substitution to execute, deliver, and record such documents and instruments and to do such things on his behalf, which grant of such power, being coupled with an interest, is irrevocable for the term of said reserved rights, and shall not be affected by the disability of such party or parties; which grant of such power shall be binding upon any assign of, or successor-in-interest upon any transfer of any Unit or any interest therein, whether by deed, Mortgage, or any other instrument of conveyance.

XXXVIII. CONSENT TO DEVELOPER'S RESERVED RIGHTS; APPOINTMENT OF DEVELOPER AND ASSOCIATION AS ATTORNEY IN-FACT.

Each and every party acquiring an interest in the Project, by such acquisition, consents to all of the rights reserved unto Developer, as set forth in this Declaration, including, but not limited to, those rights as set forth in Articles XX through XXXVII, above, the permitted actions taken by Developer pursuant thereto, and to the recording of any and all documents necessary to effect the same in said Bureau; agrees to execute, deliver, and record such documents and instruments and do such other things as may be necessary or convenient to effect the same; and appoints Developer and its assigns his or her attorney-in-fact with full power of substitution to execute, deliver and record such documents and instruments and to do such things on his or her behalf, which grant of such power, being coupled with an interest, is irrevocable for the term of said reserved rights, and shall not be affected by the disability of such party or parties; which grant of such power shall be binding upon any assign of, or successor-in-interest to, any such party and shall be deemed to be automatically granted anew by any assign or successor-in-interest upon any transfer of any Unit or any interest therein, whether by deed, Mortgage, or any other instrument of conveyance. Without limitation to the generality of the rights reserved unto Developer hereunder and as permitted by law, Developer will have the right to execute, deliver and record any amendment to the Condominium Documents, any easement instrument, any deed, any amendment to a Unit Deed, assignment of rights or interest, or such other document, instrument or agreement that may be necessary or appropriate to permit Developer to exercise its respective rights pursuant to the provisions of this Declaration.

XXXIX. DISCLOSURES AND LIMITATIONS ON LIABILITY.

To the extent permitted by law, Owners accept the below findings and limitations on liability and waive any claims or rights of action or suits against the Developer or Developer's successors and assigns arising from any impairment of Owner's use and enjoyment of the Unit or the Project, or from any inconvenience, arising directly or indirectly from the existence of the findings.

A. NONLIABILITY AND INDEMNIFICATION.

1. **GENERAL LIMITATION.** Except as specifically provided in the Condominium Documents or as required by law, no right, power, or responsibility conferred on the Board by the Condominium Documents shall be construed as a duty, obligation, or disability charged upon Developer or any of its agents, employees, the Board, any Director or any other Officer, employee, agent, or committee member of the Association. The Association, its members, Directors, Officers, agents and committee members, and the Board are subject to the insulation from liability provided for directors of corporations by the laws of the State of Hawaii to the fullest extent provided by such laws. Members of the Board are not personally liable to the victims of crimes occurring on the Project.

2. **INDEMNIFICATION OF ASSOCIATION.** When liability is sought to be imposed on a Director, an Officer, committee member, employee or agent of the Association, the Association shall indemnify him or her for his or her losses or claims, and undertake all costs of defense, unless and until it is proven that he or she acted with willful or wanton misfeasance or with gross negligence. After such proof, the Association is no longer liable for the cost of defense due to the willful or wanton misfeasance or gross negligence of such person indemnified by the Association, the Association may recover indemnification costs expended from the individual who so acted. Punitive damages may not be recovered against the Association but may be recovered from persons whose activity

gave rise to the damages. This Section shall be construed to authorize payments and indemnification to the fullest extent now or hereafter permitted by applicable law. The entitlement to indemnification hereunder shall inure to the benefit of the estate, executor, administrator, heirs, legatees, or devisees or any person entitled to such indemnification.

3. **INDEMNIFICATION OF RESIDENT OR SITE MANAGER.** Notwithstanding anything to the contrary contained herein, all Owners agree to defend, indemnify, and hold harmless the Resident Manager or Site Manager from and against, and properly reimburse it for, any and all liability, cost, damages, expense or deficiency resulting from, arising out of, or in connection with the negligent acts of the Association or any Owner; provided that the Resident Manager or Site Manager was not also grossly negligent or performed intentional, willful misconduct.

B. **SECURITY DISCLAIMER.** The Association and/or the Resident or Site Manager may, but shall not be obligated to, maintain or support certain activities within the Project designed to make the Project safer than it might otherwise be. Neither the Association, the Resident or Site Manager, nor Developer shall in any way be considered insurers or guarantors of security within the Project, and neither the Association, the Resident or Site Manager, Developer, nor any successor Developer shall be held liable for any loss or damage by reason of failure to provide security or the ineffectiveness of security measures undertaken. All Owners and Occupants of any Unit, as applicable, acknowledge that the Association the Board, the Resident or Site Manager, Developer or any successor Developer, do not represent or warrant that any fire protection system or other security system designated or installed according to the guidelines established by Developer or the Association may not be compromised or circumvented, that any fire protection or burglar alarm systems or other security systems will prevent loss by fire, smoke, burglary, theft, hold-up, terrorism, or otherwise, nor that fire protection or burglar alarm systems or other security systems will in all cases provide the detection or protection for which the system was designed or intended. Each Owner and the Occupants of a Unit acknowledge and understand that the Resident or Site Manager, the Association, its Board and committees, Developer, and any other successor to Developer is not an insurer, and each Owner and the Occupants of a Unit assume all risks for loss or damage to persons, Units and the contents of Units, and further acknowledges that the Resident or Site Manager, the Association, its Board and committees, Developer, or any successor Developer have made no representations or warranties nor has any Owner or the Occupants of a Unit relied upon any representation or warranty, expressed or implied, including any warranty of merchantability as to the fitness of any alarm systems or other security systems recommended or installed, or any security measure undertaken within the Project.

C. **NONLIABILITY FOR NET LIVING AREA CALCULATION.** Each Owner, by acceptance of a Unit Deed or other conveyance of a Unit, understands and agrees that there are various methods for calculating the net living area of a Unit, and that depending on the method of calculation, the quoted net living area of the Unit is approximate and may vary by more than a nominal amount. Additionally, as a result of field construction, other permitted changes to the Unit, and settling and shifting of Improvements, actual net living area of the Unit may also be affected. By accepting title to the Unit, Owner(s) shall be deemed to have conclusively agreed to accept the size and dimensions of the Unit, regardless of any reasonable variances in the net living area from that which may have been disclosed at any time prior to closing, whether included as part of Developer's promotional materials or otherwise. Without limiting the generality of the Section, Developer does not make any representation or warranty as to the actual size, configuration, dimensions (including ceiling heights) or net living area of any Unit, and each Owner shall be deemed to have fully waived and released any such warranty and claims for losses or damages resulting from any reasonable variances between any represented or otherwise disclosed net living area and the actual net living area of Units.

D. **NONLIABILITY FOR MOLD DEVELOPMENT.** Mold and mold spores are present throughout the environment and residential condominium construction cannot practicably be designed to exclude the introduction of mold spores. All molds are not necessarily harmful, but certain strains of mold have been found to have adverse health effects on susceptible persons. Moisture is the primary mold growth factor that must be addressed. Affirmative steps taken by Owners and the Association to minimize or control moisture can minimize or eliminate mold growth in the Project. The Owners and the Association should take steps to reduce or eliminate the occurrence of mold growth and thereby minimize any possible adverse health effects that may be caused by mold. Developer cannot ensure that mold and mold spores will not be present in the Project. The failure of an Owner or the Association to take steps to minimize mold growth may increase the risk of mold growth and mold spores being present in the Project. Developer shall not be liable for any actual, special, incidental or consequential damages based on any legal theory whatsoever, including, but not limited to, strict liability, breach of express or implied warranty, negligence or any other legal

theory, with respect to the presence and/or existence of molds, mildew and/or microscopic spores at the Project, unless caused by the sole gross negligence or willful misconduct of Developer.

E. **FLOOD ZONE.** The Project is located in a Flood Zone (Zone AE and Zone X) per the County and as such, federal flood insurance may be required for the Project and/or the individual Units in the Project. Location in a flood zone exposes the Project to a greater risk of flood damage. Developer may obtain a special rate consideration from FEMA as a result of all occupied space on the ground level of the Tower exceeding the minimum flood elevation applicable to the Land, but Developer cannot assure that it will be able to obtain such special rate consideration. If Developer does not obtain the special rate consideration, then the federal flood insurance, without any reduced rate, may be required.

F. **ADDITIONAL DISCLOSURES.** Without limiting any other provision in this Declaration, the Association and, by acquiring title to a Unit, or by possession or occupancy of a Unit, each Owner for itself and for its Occupants, shall conclusively be deemed to understand, and to have acknowledged and agreed to, all of the following:

1. **CONDOMINIUM LIVING; RESIDENTIAL-COMMERCIAL MIXED-USE RETAIL AREA .** Living in a multi-story, mixed-use, high-rise condominium building entails living in very close proximity to other persons, businesses, restaurants, and shopping areas, with attendant limitations on solitude and privacy. Walls, floors, and ceilings have been designed to meet applicable building codes. Owners should still anticipate hearing noise from adjacent Units within the Project, however, including, but not limited to, noise from showers, bathtubs, sinks, toilets, washing machines, or other sources of running water and/or plumbing fixtures. Also, Owners may hear noise from vacuum cleaners, stereos or televisions, or from people running, walking, exercising, socializing, or enjoying the Recreational Amenities. Finally, Owners can expect to hear substantial levels of sound, music, noise, odors, vibrations, and other nuisances from retail and commercial establishments in the Project, the master planned community, and/or in close vicinity of the Project, including, without limitation, the ground floor Commercial Units, Ward Entertainment Center and Victoria Ward Park, which may have heavy pedestrian traffic. Owners may also experience light entering the Units from commercial lighting in the vicinity, Victoria Ward Park and from streetlights located in close proximity to the windows and doors for the Units. Owners on lower floors within the Project located directly above such commercial establishments (i.e., levels which are directly above the Commercial Units) and close to the street and Victoria Ward Park will likely experience the highest level of sound, music, noise, odor and vibrations from such commercial activity.

2. **WARD VILLAGE AND VICTORIA WARD PARK.** The Project is also directly adjoining and is integrated within Victoria Ward Park, the largest and the main community park in Ward Village, the master development. Owner should expect (a) loud music from restaurants or other outlets in Ward Village, (b) concert events or performances at restaurants, outlets or in Victoria Ward Park; (c) voices of people picnicking or relaxing in Victoria Ward Park and talking outside retail and/or food and beverage establishments in Ward Village; and (f) noises and lighting from special events taking place near the Project on the street, in Ward Village and in Victoria Ward Park. Such noises shall not be deemed a "nuisance," as such noises and/or uses are deemed to be common and accepted occurrences in a centrally located high-rise condominium mixed-use setting like Ward Village.

3. **NOISE; TRAFFIC; CONSTRUCTION.** Being located in a central shopping, entertainment, and commuter district like Ward Village means noise, dust, vibration, and/or pedestrian and vehicular traffic are higher than average. Each Owner and every other Person who has any interest in the Project or who has the right to use the Project or any part of it waives, releases, and discharges any rights, claims, or actions that such Owner or Person may have, now or in the future, against Developer, and their Representatives, licensees, successors, and assigns, and arising directly or indirectly out of or from such noise, dust, vibrations, and/or additional traffic, including, without limitation, construction and operation of the County's planned elevated rail transit project, if constructed, which could be constructed adjacent to or in close proximity to the Project. Traffic, noises and uses which are typically encountered in a high-rise condominium commercial-residential mixed-use setting, include, but are not limited to transient noise and guest or pedestrian traffic from the street and opening/closing of car doors and motor sounds. Furthermore, normal construction activities shall not be considered a "nuisance." Development is anticipated to continue in Ward Village for many more years, which means Owners may experience heavy vehicle and equipment noise, drilling, dredging and other potentially loud construction noises, dust, roadblocks and roadway detours. By accepting a Unit Deed to a Unit, an Owner acknowledges that the Project is adjacent to high-traffic roads,

businesses, Victoria Ward Park and retail/entertainment facilities, and that noise, lights, pedestrian and vehicular traffic, dust and odors common to such activities and related commercial activities as well as construction activities, may exist on or near the Project, at any time and from time to time. Each Owner, by acceptance of a Unit Deed or other conveyance of his or her Unit, hereby acknowledges and agrees to the above disclosures. Developer does not make any representation or warranty as to the level of sound transmission at the Project, traffic or construction activities and each Owner hereby waives and expressly releases any claim for loss or damage resulting from such activities.

4. **VIEWS.** Each Owner acknowledges that there are no protected views in the Project, and the Units are not assured the existence or unobstructed continuation of any particular view. Any view from the Unit is not intended as part of the value of the Unit, and is not guaranteed, and Developer makes no representation or warranty regarding whether a Unit will continue to have the same view, or any view; the effect of the view or the lack thereof on the value of the Unit. The views from the Unit or Project will likely change, be affected, or obstructed by (i) construction or installation of buildings, improvements, structures, walls, and/or landscaping by Developer or owners of property outside the Project; and/or (ii) the growth of trees, landscaping, and/or vegetation within or outside the Project; and/or (iii) the planned elevated rail transit project described above, which may be located in the vicinity of the Project. Each Owner and every other Interested Person waives, releases and discharges any rights, claims or actions that such Person may have, now or in the future, against Developer and its Representatives, licensees, successors, and assigns, and arising directly or indirectly out of or from any such change or obstruction of views by reason of such further development.

5. **CONTINUING ACTIVITIES.** Each Owner understands and agrees that Developer is engaged in a sales and development program and that certain elements of the Project may not be completed, and completion of the Improvement of such items may be deferred by Developer at its sole and absolute option; provided normal access and parking facilities are provided for the Units conveyed to Owners. As an integrated structure consisting of a variety of uses that may be changed from time to time, alterations, construction, remodeling, repair, and changes of uses within portions of the Project may occur from time to time.

6. **USE CHANGES.** Except as expressly set forth in the Condominium Documents, the Developer makes no representations or warranties with respect to the (a) nature of any Improvements to be initially or subsequently contained in the Project, (b) the initial or subsequent uses of any portion of the Project, or (c) the services and amenities (and the costs of such services or amenities) which may be provided to Owners.

7. **MARKETING MATERIALS.** Any marketing materials used by Developer in the promotion and sales of the Residential Units and of the Project shall not be a representation or warranty by Developer of the Residential Unit layout, décor, coloring, furnishings or fixtures provided with the Unit or the types of amenities provided in the Project. The marketing materials are intended to give a purchaser a general idea of the standard and quality of the Project, and are not intended to represent the precise décor, coloring, furnishing, fixtures or amenities that will be included in the Project.

8. **CONDOMINIUM MAP.** Nothing in the Condominium Map is intended to be or is a representation or warranty by Developer. Typical type floor plans may have slight deviations as to the location and type of columns in the Unit, doors, and fixtures. The layout and areas of the Units with typical depictions are intended to be consistent.

9. **WARRANTIES.** Developer is developing the Project but it is not the general contractor or an affiliate of the general contractor who is building the Project. Developer makes no warranties, express or implied, about the Units or the Project, or about consumer products or anything else installed or contained in the Units or the Project. This includes, but is not limited to, warranties of merchantability, habitability, workmanlike construction, fitness for a particular purpose, or sufficiency of design. Owner and every other Interested Person gives up (in legal terms, "waives and releases") any and all rights and claims such Person may have, now or in the future, against Developer, its Representatives, successors and assigns for (i) any defects in the Units or the Project or any consumer products or anything else installed or contained in the Units or the Project, and (ii) for injury to Persons or property arising from any such defects. This means that Developer will not have to pay for any injury or damage to people or things as a result of any defect.

10. **FUTURE RAIL ROUTE.** The Project is adjacent to the proposed future Honolulu Rail Transit Project being developed by the County, including, near a main rail station, which may cause noise, dust, vibrations, traffic congestion, and/or other inconveniences or nuisances associated with the development, construction and operation of such Honolulu Rail Transit Project ("**Rail Effects**"). The Owner accepts the Rail Effects and waives any claims or rights of action or suits against Developer or Developer's successors and assigns arising from any impairment of the Owner's use and enjoyment of the Unit or the Project, or from any inconvenience, property damage or personal injury arising directly or indirectly from the Rail Effects.

11. **ACKNOWLEDGEMENT AND ACCEPTANCE OF CERTAIN CONDITIONS.** The Owner accepts and waives any claims or rights of action or suits against Developer or Developer's successors and assigns arising from any impairment of the use and enjoyment of the Unit or the Project, or from any inconvenience, property damage or personal injury arising directly or indirectly from the following:

a. **Elevators.** The design of the Tower provides for multiple passenger elevators to provide access to the residential floors in the Project. The Units located in the immediate vicinity of the elevator lobby on each level of the Tower may be prone to greater noise and other nuisances associated with the normal operation of the elevators than units located further away from the elevator lobby. Also, during certain hours of the day there may be delays in the elevator servicing each residential floor as a result of high traffic loads and/or in the event of servicing and/or repairs to one or more of the elevators in the Project.

b. **Location of Certain Units Near Parking Structure and Recreation Amenities.** Certain Residential Units located on the Levels 2 through Level 7 of the Tower are located near or within the Parking Structure for the Project. In addition, certain Residential Units are located adjacent to, above, or below the Recreational Amenities on Levels 8 and 3 of the Tower. As a result, such Residential Units may be exposed to greater noise and other nuisances than the Residential Units located on other floors in the Project.

c. **Engineered Wood Flooring and Marble Surfaces in Units.** The Units may have engineered wood flooring installed in a portion of each Unit. Such flooring tends to scratch easily. Further, wood flooring has special maintenance, care, and upkeep requirements, as compared to carpeting, that Owners in the Project must comply with in order to maximize the enjoyment and useful life of any originally installed engineered wood flooring in the Unit. The failure to comply with these special maintenance, care, and upkeep requirements will result in additional costs to the Owner and detract from the Owner's enjoyment of the Unit. The potential sound transmission through an engineered wood floor, when compared to carpeting, is greater, and each Owner, by accepting the Unit Deed to a Unit, is deemed to have acknowledged and accepted that this condition may result in greater noise being heard from the Units above and adjacent to the Owner's Unit. Owners shall at all times comply with the requirements and provisions of the House Rules, as may be established from time to time by the Board, to minimize and soften the level of sound transmission through the engineered wood floor of each Unit. Some of the shower walls, floors, and countertops in the bathrooms will be marble. Marble is naturally porous and tends to absorb liquid that can penetrate deeper into the stone quickly and may be hard to remove. Marble can and should be sealed when installed and again every few years to minimize staining. However, if it is not done properly or often enough, staining can still occur. Cutting or dropping objects directly on the marble can also scratch, chip and crack the surface.

12. **KAKA'AKO COMMUNITY DEVELOPMENT DISTRICT MAUKA AREA PLAN AND RULES; PLANNED DEVELOPMENT PERMIT, PLANNED DEVELOPMENT AGREEMENT AND DISTRICT WIDE IMPROVEMENT DISTRICT ASSESSMENT PROGRAM.** The Project is located within the Kaka'ako Community Development District and is subject to the jurisdiction of the HCDA. The Project will be developed subject to and in compliance with the terms of various permits and agreements by and/or between the Master Declarant, the Developer, or Developer's predecessors in interest, and HCDA (collectively, "**HCDA Agreements**"), including (but not limited to) the following:

a. The development and use of the Project are subject to the terms and provisions of the Nunc Pro Tunc Order re: Hearing Officer's Proposed Findings of Fact, Conclusions of Law, and Decision and Order for a Master Plan Permit, approved by the Hawaii Community Development Authority in File No. PL MASP 13-1-3 on January 14, 2009 ("**Ward MP Permit**"), a memorandum of which was recorded on June 17, 2009 with the Office of the Assistant Registrar of the Land Court of the State of Hawaii ("**Office**") as Document No. 3869623 and said Bureau as Document No. 2009-093051. Pursuant to the Ward MP Permit, the development and use of the Project

are subject to the terms and provisions of the Vested Rules. The Ward MP Permit has an effective period of fifteen (15) years, which ends on January 14, 2024 unless an extension is obtained.

b. A Master Plan Development Agreement for the Ward Neighborhood Master Plan was executed on December 30, 2010, a memorandum of which was recorded on January 7, 2011 with said Office as Document No. 4036891 and said Bureau as Document No. 2011-004171 ("**Ward MP Development Agreement**"), which imposes the terms and conditions of the Ward MP Permit on the Land and shall run with the Land and shall bind and constitute notice to all subsequent lessees, grantees, assignees, mortgagees, lienors, and any other persons who shall claim an interest in the Land. HCDA shall have the right to enforce the Ward MP Development Agreement by appropriate action at law or suit in equity against all such persons. The Ward MP Development Agreement confirms the application of the Vested Rules to the Ward MP Permit area and describes generally the timing and process for phasing, reserved housing credits, and public facilities within the master planned community.

c. Declaratory Order Re: Applicability of Condition No. 4 of Nunc Pro Tunc Order Re: Hearing Officer's Proposed Findings of Fact, Conclusions of Law, and Decision and Order for a Master Plan Permit, issued January 14, 2009, issued October 10, 2012 in File No. PL MASP 13-1-3 by HCDA, which confirms and declares that certain amendments required by Condition No. 4 of the Ward MP Permit are inapplicable and no longer required. It also defines zoning for the Property.

d. The PD Permit, which authorizes the Project an reserved workforce housing (if any), requirement and burial conditions, subject to the terms and conditions contained therein.

e. Joint Development Agreement dated May 8, 2015, recorded on May 11, 2015 with said Bureau as Document No. A-56090748, which requires that the Land be developed in accordance with the Ward MP Permit, said Joint Development Agreement, all applicable development permit approvals, and any amendments thereto, and all applicable vested zoning regulations, such that the land subject to said Joint Development Agreement, including, without limitation, the Land, constitutes one "development lot" under HCDA's Mauka Area Rules.

f. The Project may also be subject to the HCDA's District-Wide Improvement District Assessment Program and may be assessed for the cost of improvements made in the vicinity of the Project. If any such assessments are made, the Owners shall be responsible for and shall pay their respective prorated share of any such Improvement District Assessment as part of such Owners' share of the Master Assessments.

There may be other agreements and permits with HCDA that are required in order to complete the master planned community and the Project, which may not be mentioned or described herein. Developer has the reserved right, without the consent or joinder of any other person or entity, to negotiate, sign and record (if appropriate) any permits, agreements or instruments (including but not limited to amendments of this Declaration, the Bylaws, or the Condominium Map) and to enter into such permits, agreements or instruments and do all things that may be reasonably necessary to obtain such further permits, agreements or instruments, or any amendments thereto, as may be required by the HCDA, the Ward MP Permit, the Ward MP Development Agreement, any other agreements or instruments or permits, the Vested Rules and comply with all applicable permits, laws, rules, ordinances and other governmental requirements that pertain to the Project or the master planned community development.

13. **ARCHEOLOGICAL AND BURIAL DISCLOSURES.** Since 2014, multiple historic preservation studies and archeological studies, including Archeological Inventory Surveys ("**AIS**"), have been conducted for the lands in the Ward Village properties, including the Land and surrounding parcels, all of which have been accepted by the State Historic Preservation Division of the Department of Land and Natural Resource ("**SHPD**"). Such studies identified a number of historic properties, including, without limitation, various Native Hawaiian human burial sites and skeletal remains located within, or in the immediate vicinity of or close proximity to, the Land boundaries. Archeological, nonhuman findings were discovered on the Land. There is a risk that after the commencement of construction there may be burials or archaeologically significant items on the Land. Based on this past historic preservation and archeological review, Developer, in consultation with the SHPD, the Oahu Island Burial Council and cultural descendants, has developed mitigation commitments and preservation plans for Ward Village. In order to continue to facilitate the identification and treatment of any burials or human skeletal remains that might be discovered during subsurface disturbance and mitigate the development's effect on any non-burial archaeological

deposits that might be uncovered, Cultural Surveys Hawai'i, Inc., on behalf of Victoria Ward, Limited and The Howard Hughes Corporation, drafted and submitted an Archaeological Monitoring Plan, pursuant to Hawaii Administrative Rules, Chapter 13-279-3, as amended ("**Monitoring Plan**"). Pursuant to the Monitoring Plan, Developer is required to retain an on-call or on-site archaeologist, as determined by SHPD, to be present during Project construction that has the authority to stop work immediately to perform archaeological sampling and recording if any historic properties, including human remains, are encountered during construction. Developer shall not be liable for any actual, special, incidental or consequential damages based on any legal theory or whatsoever, including, but not limited to, strict liability, breach of express or implied warranty, negligence or any other legal theory, with respect to the prior existence of such conditions on the Land.

XL. DISPUTE RESOLUTION.

A. **DISPUTES.** The purpose of this Article is to provide the Owners, Association, Board, Managing Agent, Developer (in its capacity as a Unit Owner or Board member, or as otherwise set forth §514B-161 of the Act, as amended) and their respective Representatives (collectively, for purposes of this Article, the "**Parties**") with a mechanism to resolve Disputes (defined herein). A "**Dispute**" means and includes any and all actions, claims or disputes between or among the Parties with respect to, arising out of, or relating to this Declaration, the Bylaws or the House Rules. A Dispute shall not include: (a) claims for construction defects governed by the Contractor Repair Act, Chapter 672E of the Hawaii Revised Statutes; (b) incidents of threatened property damage or the health or safety of Owners or any other persons; (c) assessments; (d) personal injury claims; or (e) matters that would affect the availability of any coverage pursuant to an insurance policy obtains by or on behalf of the Association.

B. **DISCUSSION.** Any Party with a Dispute shall notify the party to whom the Dispute is directed in writing of the Dispute, which writing shall describe the nature of the Dispute and any proposed remedy (the "**Dispute Notice**"). Within a reasonable period of time after receipt of the Dispute Notice, which period shall not exceed twenty-one (21) calendar days, the Parties to the Dispute shall meet at a mutually acceptable location within or near the Project to discuss the Dispute. The Parties to the Dispute shall negotiate in good faith in effort to resolve the Dispute.

C. **MEDIATION.** If the Parties cannot resolve such Dispute by discussion pursuant to **Article XL, Section B** above within thirty (30) calendar days after the commencement of such discussion, the matter shall be submitted to mediation by and pursuant to the procedures adopted by Dispute Prevention and Resolution, Inc. ("**DPR**") in Honolulu, Hawaii, or to any successor entity thereto, or to any other entity offering mediation services that is acceptable to the Parties. In addition, any of the Parties may apply to the First Circuit Court of the State of Hawaii for an order compelling mediation as set forth in §514B-161 of the Act.

1. **Parties Permitted at Sessions.** Persons other than the Parties, their authorized representatives and the mediator may attend the mediation sessions only with the consent of the mediator; provided, however, such permission and consent shall not be required to allow participation of such Parties' liability insurers in the mediation to the extent required under such Parties' liability insurance policy.

2. **Record.** There shall be no stenographic record of the mediation process.

3. **Expenses.** The expenses of witnesses shall be paid by the Party producing such witnesses. All other expenses of the mediation including, but not limited to, the fees and costs charged by the mediator and the expenses of any witnesses, or the cost of any proof or expert advice produced at the direct request of the mediator, shall be borne equally by the Parties unless they agree otherwise, or otherwise set forth in §514B-161 of the Act. Each Party shall bear its own attorneys' fees and costs in connection with such mediation unless otherwise required under §514B-161 of the Act.

4. **No Judicial Intervention.** If a Party institutes litigation prior to observing the procedures set forth in **Article XL, Sections B and C** above ("**Prohibited Litigation**"), such Party shall be responsible for all reasonable expenses and fees (including attorneys' fees) incurred by the other Party in obtaining a stay or dismissal of the Prohibited Litigation.

5. **Confidentiality.** All negotiations, mediation proceedings, and any discovery conducted pursuant to these procedures are confidential. All proceedings conducted pursuant to these procedures shall be treated

for all purposes as compromise and settlement negotiations within the meaning of Rule 408 of the Federal Rules of Evidence and Rule 408 of the Hawaii Rules of Evidence.

D. **FURTHER RESOLUTION.** If the Parties are unable resolve a Dispute pursuant to the procedures described in **Article XL, Sections B and C** above, each Party shall have the right to pursue all rights and remedies available to such Party at law or in equity. If a Dispute proceeds in court, such action shall be brought exclusively in the federal or state courts located in Honolulu, Hawaii. The Parties hereby agree that the court shall apply Hawaii substantive law and applicable statutes of limitations and will honor claims of privilege recognized by law.

E. **USE OF PROCEEDS.** Any monetary damage or award paid to a Claimant in connection with a dispute arising out of an Alleged Defect shall first be applied towards the payment of the cost to repair the Alleged Defect, prior to the payment of any legal or consulting fees incurred by the Claimant in connection with such dispute.

F. **STATUTES OF LIMITATION.** The applicable statute of limitations shall not be tolled by anything contained in these procedures. Notwithstanding the prohibition on litigation, a Party may commence an action solely for the purpose of tolling the statutes of limitation, provided such Party immediately stays the action to resolve the Dispute pursuant to the procedures described in **Article XL, Sections B and C** above.

G. **UNENFORCEABILITY.** If any part of this Article is held to be unenforceable, it shall be severed and shall not affect either the duties to mediate hereunder or any other part of this Article.

XLI. EXEMPTIONS FOR PERSONS WITH DISABILITIES.

Notwithstanding anything to the contrary contained in the Condominium Documents, Owners with disabilities shall be allowed reasonable exemptions from the Condominium Documents, when necessary and as appropriate to enable them to use and enjoy their Units, and the appurtenant Limited Common Elements, provided that any Owner with a disability desiring such an exemption shall make such request, in writing, to the Board. That request shall set forth, with specificity and in detail, the nature of the request and the reason that the requesting party needs to be granted such an exemption. The Board shall not unreasonably withhold or delay its consent to such request, and any such request shall be deemed to be granted if not denied in writing, within forty-five (45) calendar days of the Board's receipt thereof, or within forty-five (45) calendar days of the Board's receipt of additional information reasonably required by the Board in order to consider such request, whichever shall last occur.

XLII. COMPLIANCE WITH COUNTY ZONING AND BUILDING LAWS.

The Project is in compliance with all zoning and building ordinances and codes of the County, as applicable, and all other County permitting requirements, as applicable, to the Project pursuant to Section 514B-5 of the Act, subject to the provisions of the HCDA Agreements.

XLIII. DEVELOPER'S RIGHT TO CURE ALLEGED DEFECTS.

It is Developer's intent that all Improvements constructed or made by Developer in the Project be built or made in compliance with all applicable building codes and ordinances and that such Improvements are of a quality that is consistent with the Project Quality Standard. Nevertheless, due to the complex nature of construction and the subjectivity involved in evaluating such quality, disputes may arise as to whether a defect exists and Developer's responsibility therefor. It is Developer's intent to resolve all disputes and claims regarding Alleged Defects (as defined below) amicably, and without the necessity of time-consuming and costly litigation. Accordingly, the Association, Board and all Owners shall be bound by the following claim resolution procedure:

A. **DEVELOPER'S RIGHT TO CURE.** In the event that the Association, Board or any Owner (collectively, "**Claimant**") claims, contends or alleges that any portion of the Project, including, but not limited to, any Unit, and/or any Improvements, is defective or that Developer or its agents, consultants, contractors or subcontractors were negligent in the planning, design, engineering, grading, construction or other development thereof (collectively, an "***Alleged Defect***"), Developer hereby reserves the right, but is not obligated, to inspect, repair and/or replace such Alleged Defect as set forth herein.

B. NOTICE TO DEVELOPER. In the event that a Claimant discovers any Alleged Defect, Claimant shall, within a reasonable time after discovery, notify Developer in writing, at the address specified at the beginning of this Declaration, or such other address at which Developer maintains its principal place of business, of the specific nature of such Alleged Defect ("*Notice of Alleged Defect*").

C. RIGHT TO ENTER, INSPECT, REPAIR, AND/OR REPLACE. Within the timeframe described below, or a reasonable time after the independent discovery of any Alleged Defect by Developer, as part of Developer's reservation of right, Developer shall have the right, upon reasonable notice to Claimant and during normal business hours, to enter onto or into, as applicable, any Unit, the Limited Common Elements and/or any Improvements or other portion of the Project for the purposes of inspecting and, if deemed necessary by Developer, repairing and/or replacing such Alleged Defect. In conducting such inspection, repairs and/or replacement, Developer shall be entitled to take any actions as it shall deem reasonable and necessary under the circumstances to address any Alleged Defect without the consent or approval of the Board or the Association.

D. LEGAL ACTIONS. No Claimant shall initiate any legal action, cause of action, proceeding, reference or arbitration against Developer alleging damages (1) for the costs of repairing or the replacement of any Alleged Defect, (2) for the diminution in value of any real or personal property resulting from such Alleged Defect, or (3) for any consequential damages resulting from such Alleged Defect, unless and until:

1. Article XLIII, Sections A, B and C have been complied with;
2. Claimant has delivered to Developer a Notice of Alleged Defect not later than one hundred twenty (120) calendar days before the filing of any such cause of action, proceeding, reference or arbitration against Developer and
3. Developer has either
 - a. rejected Claimant's claim, or;
 - b. within sixty (60) calendar days after its receipt of a Notice of Alleged Defect, either
 - (i) failed to offer to settle without inspecting the Alleged Defect;
 - (ii) failed to propose to inspect the Alleged Defect and within thirty (30) calendar days following any such proposal, failed to inspect the Alleged Defect, provided that Claimant permitted sufficient access; or
 - (iii) failed, within fourteen (14) calendar days after any inspection, to serve Claimant with a written statement offering to fully or partially remedy the Alleged Defect at no cost to Claimant, offering to settle the Alleged Defect by monetary payment, offering a combination of the foregoing, or explaining that Developer will not proceed further to remedy the Alleged Defect.

E. NO ADDITIONAL OBLIGATIONS; IRREVOCABILITY AND WAIVER OF RIGHT. Nothing set forth in this Section shall be construed to impose any obligation on Developer to inspect, repair or replace any item or Alleged Defect for which Developer is not otherwise obligated to do under applicable law. The right of Developer to enter, inspect, repair, and/or replace reserved hereby shall be irrevocable and may not be waived or otherwise terminated except by a writing, in recordable form, executed and recorded by Developer with said Bureau.

F. WAIVER. Notwithstanding anything to the contrary in this Declaration, Developer hereby disclaims any representations and warranties in respect of, and shall have no continuing liability to any Owner, the Board, and the Association for, any design or construction defects (whether known or unknown) relating to the Project, including latent defects.

G. SEVERABILITY AND APPLICABILITY. If any provision of this Article is held to be invalid, such a determination shall not affect the other provisions hereof, which shall remain in full force and effect.

Notwithstanding anything to the contrary herein, if any provision in this Section conflicts with any applicable portion of Hawaii Revised Statutes Chapter 672E, the Contractor Repair Act, the provisions of said statute, as amended, shall apply.

XLIV. DEVELOPER'S RIGHT TO APPOINT AND REMOVE OFFICERS AND DIRECTORS; DEVELOPER CONTROL PERIOD.

Notwithstanding anything contained in this Declaration or the Bylaws to the contrary, Developer shall have the right to appoint and remove Officers and Directors for a certain period of time (the "**Developer Control Period**"). The Developer Control Period shall terminate upon the Association's first annual meeting to hold the formal election and vote of the Board directors. no later than the earlier of the following: (a) sixty (60) calendar days after the conveyance of seventy-five percent (75%) of the Common Interest appurtenant to Units that may be created to Owners other than Developer or Developer Affiliate; (b) two (2) years after Developer has ceased to offer Units for sale in the ordinary course of business; (c) two (2) years after any right to add Units was last exercised; or (d) the day Developer, after giving written notice to Owners, records an instrument voluntarily surrendering all rights to control the activities of the Association. Developer may voluntarily surrender the right to appoint and remove Officers and Directors before the termination of the Developer Control Period, but in that event, Developer may require, for the duration of the Developer Control Period, that specified actions of the Association or Board, as described in a recorded instrument executed by Developer, be approved by Developer before they become effective.

XLV. WAIVER OF CERTAIN RIGHTS.

A. **WAIVER OF CERTAIN DAMAGES.** WITH RESPECT TO ALL DISPUTES AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, EACH OWNER, THE ASSOCIATION, THE BOARD, MANAGING AGENT, DEVELOPER AND EACH OF THEIR REPRESENTATIVES WAIVE ANY AND ALL RIGHTS THEY MAY HAVE TO RECOVER PUNITIVE, EXEMPLARY, TREBLE OR OTHER MULTIPLE DAMAGES.

B. **WAIVER OF JURY TRIAL.** EACH OWNER, THE ASSOCIATION, THE BOARD, MANAGING AGENT, DEVELOPER, AND EACH OF THEIR REPRESENTATIVES UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY CLAIM, CAUSE OF ACTION OR DISPUTE. THE PARTIES AGREE THAT ANY SUCH ACTION OR PROCEEDING BROUGHT IN COURT SHALL BE DECIDED BY A JUDGE AND NOT BY A JURY.

C. **WAIVER OF CLASS ACTION.** TO THE EXTENT PERMITTED BY APPLICABLE LAW, EACH OWNER, THE ASSOCIATION, THE BOARD, MANAGING AGENT, DEVELOPER AND EACH OF THEIR REPRESENTATIVES UNCONDITIONALLY WAIVE ANY RIGHT TO PARTICIPATE IN A REPRESENTATIVE CAPACITY OR AS A MEMBER OF ANY CLASS PERTAINING TO ANY DISPUTE. THE PARTIES UNCONDITIONALLY AGREE THAT ANY DISPUTE WILL BE ADJUDICATED ON AN INDIVIDUAL BASIS. ALL PARTIES TO THE LITIGATION MUST BE INDIVIDUALLY NAMED. THERE WILL BE NO RIGHT OR AUTHORITY FOR ANY DISPUTE TO BE LITIGATED ON A CLASS ACTION OR CONSOLIDATED BASIS OR ON BASES INVOLVING CLAIMS BROUGHT IN A PURPORTED REPRESENTATIVE CAPACITY ON BEHALF OF THE GENERAL PUBLIC OR OTHER PERSONS SIMILARLY SITUATED, AND THE PARTIES ARE SPECIFICALLY BARRED FROM DOING SO.

XLVI. INDEMNIFICATION OF LANDOWNER.

Developer and the Association agree to indemnify, defend, and hold Landowner and its officers, directors, shareholders, agents, and employees harmless from and against any and all claims, liabilities, and any damages, including attorneys' fees, which arise, directly or indirectly, as a result of, or directly or indirectly in connection with, this Declaration or any other document, including, but not limited to, any developer's public report under the Act, created, executed or delivered by Developer in connection with the Project; including without limitation, claims against Landowner as a result of Landowner permitting Developer to create a condominium property regime on the Land or Landowner being a signatory to this Declaration and/or the Bylaws. Nothing in the foregoing exception shall be deemed a waiver by Landowner or a limitation of any of Landowner's rights or remedies. Developer and, by acquiring an interest in the Project, Owners, acknowledge that Landowner has no obligation to review this Declaration,

or any other document prepared by Developer for adequacy or compliance with law, that Landowner does not by the execution hereof endorse this Declaration or any such document, and any inadequacy or misrepresentation by Developer hereunder shall not be deemed negligence, gross negligence or reckless or willful misconduct of Landowner.

XLVII. LIMITED PURPOSE OF JOINDER BY LANDOWNER; RELEASE AND WAIVER OF CLAIMS; LIMITED LIABILITY OF LANDOWNER.

Landowner has joined this Declaration for the sole purpose of permitting Developer to comply with the requirements relating to the submission of the Land to a condominium property regime pursuant to the Act. Landowner has not reviewed this Declaration for adequacy or compliance with law, and expressly disclaims any responsibility for this Declaration, the matters set forth herein, and/or any other documents or agreements relating to the Project, including, but not limited to, the Bylaws and any developer's public report with an effective date issued by the Commission under the Act relating to the Project. Developer, the Association, all Owners, mortgagees, vendors and vendees under Agreements of Sale, tenants and Occupants of Units and their employees, business invitees, and any other Persons who may use any part of the Project do so with the understanding that Landowner has no liability hereunder, and each and every one of the foregoing shall be deemed to the fullest extent permitted by law to have waived as against Landowner, and to have released Landowner as to, any claim relating to the Project. No action taken by Developer or any other Person pursuant to this Declaration shall be deemed to be the act of Landowner. Notwithstanding anything provided to the contrary, under no circumstances will Landowner have any liability for expenses under this Declaration except to the extent that Landowner is an Owner. In the event that Landowner is found to be liable in any claim relating to this Declaration, any recovery shall be limited to the assets of Landowner, and shall not extend to the individual employees, partners, officers or directors thereof. No officer, director or employee of Landowner shall, by reason of being an officer, director or employee of Landowner, have any personal liability under the terms of this Declaration.

XLVIII. GENERAL PROVISIONS.

A. **NO WAIVER.** Failure to enforce any provision of this Declaration shall not constitute a waiver of the right to enforce that provision, or any other provision of this Declaration.

B. **SEVERABILITY.** The provisions of this Declaration shall be deemed independent and severable, and if any term stated in this instrument is subsequently determined to be invalid, illegal or unenforceable, that determination shall not affect the validity, legality or enforceability of the remaining terms stated in this instrument unless that is made impossible by the absence of the omitted term.

C. **CAPTIONS.** The captions herein are inserted only as a matter of convenience and for reference, and in no way define, limit or describe the scope of this Declaration, or the intent of any provisions thereof.

D. **GENDER.** The use of any gender in this Declaration shall be deemed to include either or both genders and the use of the singular shall be deemed to include the plural whenever the context so requires.

E. **INTERPRETATION.** The provisions of this Declaration shall be liberally construed to effectuate the purpose of creating a uniform condominium property regime whereby the Owners of Units shall carry out and pay for the operation and maintenance of the Project as a mutually beneficial and efficient establishment.

F. **CONSTRUCTIVE NOTICE AND ACCEPTANCE; INCORPORATION OF DECLARATION INTO DEEDS.** Every Person or entity who now or hereafter owns or acquires any right, title or interest in or to any portion of the Project is and shall be conclusively deemed to have consented and agreed to every covenant, condition, restriction and provision contained in this Declaration, whether or not any reference to this Declaration is contained in the instrument by which such Person acquired an interest in the Project. Any deed or other instrument by which all or any portion of the Project is conveyed, whether by fee, easement, leasehold interest or otherwise, shall be subject to the provisions of this Declaration and any instrument of conveyance shall be deemed to incorporate the provisions of this Declaration, whether or not such instrument makes reference to this Declaration.

G. **CUMULATIVE REMEDIES.** Each remedy provided for in this Declaration shall be cumulative and not exclusive. The failure to exercise any remedy provided for in this Declaration or any other document shall not constitute a waiver of such remedy or of any other remedy provided herein or therein.

H. **NO PUBLIC DEDICATION.** Nothing herein contained shall be deemed a gift or dedication of any portion of the Project or portion thereof to the general public, or for the general public, or for any public use or purpose whatsoever; it being the intention and understanding of the parties hereto that this Declaration shall be limited to and for the purposes herein expressed solely for the benefit of the Owners.

I. **GOVERNING LAW.** This Declaration shall be governed by the laws of the State of Hawaii without giving effect to the principles of conflict of laws thereof.

J. **PROVISIONS RUN WITH LAND.** The provisions of this Declaration are intended to run with the land. When any interest in real property in the Project is conveyed, the interest shall be burdened by the provisions of this Declaration for the benefit of the remaining portions of the Project and the interest conveyed shall be entitled to the benefit of this Declaration.

K. **CONFLICT OF PROVISIONS.** In the event of any conflict between this Declaration and any of the Condominium Documents (other than this Declaration) this Declaration shall control. In the event of any conflict between the Articles of Incorporation and the Bylaws, the Articles of Incorporation shall control. In the event of any conflict between the Bylaws and the House Rules, the Bylaws shall control.

L. **OWNERS' RIGHT TO INCORPORATE.** The Owners may form a non-profit Hawaii corporation to serve as the Association. If so, the corporation will have all of the rights, powers, obligations and duties of the Association as stated in the Condominium Documents or the Act. The fact that a corporation is formed to be the Association does not change any of the covenants, conditions or restrictions contained in this Declaration or in the Bylaws. The corporation must adopt the Bylaws as the bylaws of the corporation. The Articles of Incorporation and Bylaws of the corporation will be subordinate to this Declaration. If the corporation takes any action that violates all or any part of this Declaration or the Bylaws, the action will be void.

M. **NO REPRESENTATIONS OR WARRANTIES.** No representations or warranties of any kind, express or implied, have been given or made by Developer or its agents or employees in connection with the Project or any portion thereof, or any Improvement thereon, its physical condition, zoning, compliance with applicable laws, fitness for intended use, or in connection with the subdivision, sale, operation, maintenance, cost of maintenance, taxes or regulation thereof as a condominium property regime, except as specifically and expressly set forth in this Declaration and except as may be recorded by Developer from time to time with any governmental authority.

N. **RULE AGAINST PERPETUITIES.** If any provision of the covenants, conditions, restrictions, or other provisions of this Declaration, shall be unlawful, void, or voidable for violation of the rule against perpetuities, then such provisions shall continue only until twenty-one (21) years after the death of the last survivor of the now living descendants of Queen Elizabeth II (Elizabeth Alexandra Mary).

XLIX. INVALIDITY AND CHANGES IN LAW.

The invalidity of any provision of this Declaration for any reason shall not be deemed to impair or affect in any manner the validity, enforceability or effect of the remainder of this Declaration, and, in such event, all of the other provisions of this Declaration shall continue in full force and effect as if such provision had never been included herein.

In the event of a change in statutory law applicable to this Project occurring after the filing of this Declaration or the Bylaws, such change in law shall control over the provisions of this Declaration or the Bylaws only to the extent the legislative body enacting such change in law expressly provides that the provisions of such change in law shall control over provisions to the contrary in preexisting Condominium Documents.

COMMERCIAL UNITS

Unit Number	Unit Type	Approx. Net Area (Square Feet)	Commercial Unit Class Common Interest %	Common Interest %
C1	Commercial	5,358	18.837%	1.093%
C2	Commercial	7,378	25.940%	1.505%
C3	Commercial	9,273	32.602%	1.891%
C4	Commercial	6,434	22.621%	1.312%

A. LAYOUT AND FLOOR PLANS OF UNITS. Each Unit has the number of bedrooms ("**Bed**") and bathrooms ("**Bath**") noted above. The layouts and floor plans of each Unit are depicted in the Condominium Map. None of the Units contain a basement.

B. APPROXIMATE NET LIVING AREAS. The approximate net living areas of the Commercial Units and the Residential Units were determined by measuring the area between the interior finished surfaces of all perimeter and party walls at the floor for each Unit and includes the area occupied by load bearing and nonloadbearing interior walls, columns, ducts, vents, shafts, stairways and the like located within the Unit's perimeter walls. All areas are not exact and are approximates based on the floor plans of each type of Unit.

C. COMMON INTEREST. The Common Interest for each of the total five hundred and sixty (560) Units (including Commercial Units and Residential Units) in the Project is calculated based on dividing the approximate net living or commercial area of the Unit, as applicable, by the total net area of all the Units in the Project. In order to permit the Common Interest for all Units in the Project to equal exactly one hundred percent (100%), the Common Interest attributable to Residential Unit No. 203 was decreased by 0.053%.

D. COMMERCIAL UNIT CLASS COMMON INTEREST AND RESIDENTIAL UNIT CLASS COMMON INTEREST. The Commercial Unit Class Common Interest is calculated for each Commercial Unit based on dividing the approximate net commercial of the Commercial Unit by the commercial area of all Commercial Units in the Project. The Commercial Unit Class Common Interest total equals one hundred percent (100%). The Residential Unit Class Common Interest is calculated based on dividing the approximate net living area of the Residential Unit by the total net living area of all Residential Units in the Project. In order to permit the Residential Unit Class Common Interest to equal one hundred percent (100%), the Residential Unit Class Common Interest to Residential Unit No. 203 was increased by 0.052%.

E. PARKING STALLS AND STORAGE ROOMS. The Condominium Map depicts the location, type and number of parking stalls and storage rooms in the Project. All parking stalls (including guest parking stalls) not otherwise identified above as a Unit Limited Common Element to a specific Unit are Unit Limited Common Elements appurtenant to Residential Unit No. 203. All storage rooms identified on the Condominium Map with "S-" and a number are Unit Limited Common Elements appurtenant to Residential Unit No. 203, unless otherwise assigned and redesignated as a Unit Limited Common Element to another Unit. Developer has the reserved right to redesignate such parking stalls and storage rooms currently designated as Unit Limited Common Elements appurtenant to Residential Unit No. 203, to other Residential Units in the Project as Unit Limited Common Elements appurtenant to such Residential Units.
